Manufactured by

**VALLEY CHEMICAL COMPANY**  
GREENVILLE P. O. BOX 1317 MISSISSIPPI 38701

**WARNING:** — Do not get in eyes or on skin. Do not get on clothing. Rapidly absorbed through skin. May be fatal if swallowed, inhaled, or absorbed through skin. Do not breathe the fumes any time. Wear protective clothing, natural rubber gloves and goggles. Wear a mask or a respirator of a type passed by the U. S. Bureau of Mines for protection against Toxaphene mixtures. Keep away from children and domestic animals.

Wash thoroughly with soap and water after exposure. Use clean clothing daily. Keep all unprotected persons out of operating areas or vicinity where there may be danger of drift. Vacated areas should not be re-entered until drifting insecticides and volatile residues have dissipated.

Do not apply, nor allow to drift where there may be grazing by dairy animals or animals being finished for slaughter.

Do not feed gin waste from cotton treated with this product to live-stock.

Do not graze livestock in cotton fields treated late in the season with this product.

Do not contaminate feed or foodstuffs with this product.

**CLEAN UP SPILLAGE AND SPRAY WASTE:** — Soak up liquid with sawdust or other absorbent material and bury. Clean up area with strong lye solution.

**DISPOSAL OF EMPTY CONTAINERS:** — Carefully and completely wash the outside of the empty container with water. Rinse out the inside of the container with water, to which has been added household or commercial detergent and caustic soda (lye). Carefully discard the rinse solution by burying at least 18 inches deep in an isolated area away from water supplies. Fifty-five gallon drums may then be disposed of to an approved drum reconditioner; smaller containers should be broken, mutilated and punctured, after which they may be buried at least 18 inches deep in an isolated area away from water supplies.

**CAUTION:** — Highly toxic to fish and wildlife. Do not contaminate any body of water nor apply to any area not specified on the label. Do not use this material for any purpose nor in any manner other than as recommended on this label. Birds and other wildlife in treated areas may be killed. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes. This product is toxic to bees and should not be applied when bees are actively visiting the area.

### NOTICE TO USERS:

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.

Do not use, pour, spill, or store near heat or open flame.
