KEEP OUT OF REACH OF CHILDREN DANGER

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the purpose of registration under EPA Act 7162-11

PRECAUTIONARY STATEMENTS Hazards to Humans and Domestic Animals

DANGER: CORROSIVE. Concentrate causes eye damage and skin irritation. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

FIRST AID: In case of contact with eyes, flush immediately with plenty of water for at least 15 minutes. Call a physician. For skin, wash promptly. Remove and wash contaminated clothing before reuse. If swallowed, drink PROMPTLY large quantities of water. Avoid alcohol. Call a physician.

STORAGE AND DISPOSAL: Store in a cool dry area away from direct sunlight. In case of spill, flood area with large quantities of water. Do not contaminate food or feed by storage, disposal or cleaning of equipment.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or residue is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent) and dispose in an incinerator or landfill approved for pesticide containers.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Keep out of lakes, streams or ponds. Treated effluent may not be discharged into lakes, streams, ponds, or public waters without a valid discharge permit. For guidance, contact the regional office of the Environmental Protection Agency.

STATE AND LOCAL REGULATIONS: Consult your dealer, state or local health authorities for additional information.

BABSON BROS. CO. 1880 Country Farm Dr., Naperville, IL

DIRECTIONS FOR USE: It is a violation of federal law to use this product with its labeling.

SANITIZING DAIRY EQUIPMENT: After cleaning and before use sanitize with a 25 ppm solution of K.O. Dyne as required by state and local health or Proportions for proper dilution rate. Contact time should be at least 10 minutes thoroughly.

UDDER-WASHING: Prepare a sanitizing solution in warm water (not over 100°F) according to Table of Proportions for proper dilution rate. Use a clean single service towel to dry teats and udder. Never dip used towel back into solution. Prepare fresh solution for each milking. Dry teats and udder with paper towel prior to attachment of milking machine. **DO NOT USE AS A TEAT DISINFECTANT.**

NOTE: Amber to brown color of use dilution is an indicator of solution strength. A solution should be prepared if a noticeable change occurs in the initial color of the solution.

KEEP FROM FREEZING: If frozen, separation may occur. Thaw completely prior to use.

TABLE OF PROPORTIONS

25 ppm - 1 oz. (30 ml) in 5 gallons (18.9L) water
50 ppm - 1 oz. (30 ml) in 2.5 gallons (9.45L) water

ACTIVE INGREDIENTS

Titratable Iodine 1.75%
Phosphoric Acid 6.00%
Hydroxyacetic Acid 7.00%
INERT INGREDIENTS 85.25%

Formula contains not more than 1.0% phosphorous or 0.12 grams per gallon concentration.
