KEEP OUT OF REACH OF CHILDREN
DANGER

PRECAUTIONARY STATEMENTS

Hazardous to Humans and Domestic Animals

DANGER - CORROSIVE. Concentration causes eye damage and skin irritation. Do not get in eyes. If in eyes, flush with plenty of water for at least 15 minutes. If on skin, wash promptly. Remove and wash contaminated clothing before reuse. If swallowed, drink PROMPTLY large quantities of water. Avoid alcohol. Call a physician.

FIRST AID: In case of contact with eyes, flush immediately with plenty of water for at least 15 minutes. If on skin, wash promptly. Remove and wash contaminated clothing before reuse. If swallowed, drink PROMPTLY large quantities of water. Avoid alcohol. Call a physician.

STORAGE AND DISPOSAL: Store in a cool, dry area away from direct sunlight. In case of spill, flush with plenty of water. Do not consume or feed by storage, disposal or cleaning.

HAZARDOUS WASTE DISPOSAL: Hazardous wastes are acutely hazardous. Improper disposal of excess material is prohibited by Federal law. If these wastes cannot be disposed of by the usual means, contact your State Pesticide or Environmental Control Agency for guidance. Write to: State, at the nearest EPA Regional Office.

CONTAINER DISPOSAL: Recycle where available and dispose in an approved landfill.

ENVIRONMENTAL HAZARDS: Do not allow to fish. Keep out of lakes, streams, ponds, or public waters with fish. Do not allow to enter into any waterway. Write to: Regional Office of the Environmental Protection Agency.

STATE AND LOCAL REGULATIONS: Consult your dealer, state or local health authorities for restrictions.

BABSON BROS. CO. 1880 Country Farm Dr., Naperville, IL

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling.

SANITIZING DAIRY EQUIPMENT: After cleaning and before use sanitize all milk contact surfaces with a 25 ppm solution of K.O. Dyne as required by state and local health authorities. Refer to Table of Proportions for proper dilution rate. Contact time should be at least two minutes. Drain thoroughly.

UDDER WASHING: Prepare sanitizing solution in warm water (not over 110°F - 43°C). Refer to Table of Proportions for proper dilution rate. Use a clean single service towel for each cow. Wash and massage teats and udder. Never dip used towel back into solution. Discard solution if visibly dirty. Prepare fresh solution for each milking. Dry teats and udder with clean single service towel prior to attachment of milking machine. **DO NOT USE AS A TEAT DIP.**

NOTE: Amber to brown color of use dilution is an indicator of solution strength. A fresh solution should be prepared if a noticeable change occurs in the initial color of solution.

KEEP FROM FREEZING: If frozen, separation may occur. Thaw completely and mix well.

TABLE OF PROPORTIONS

2.5 oz. (70.7 g) in 5 gallons (18.9L) water
1.0 oz. (28.3 g) in 2.5 gallons (9.45L) water

ACTIVE INGREDIENTS

1.00%
INERT INGREDIENTS 99.00%

*From Nonyl phenyl polyoxyethylene ethanol iodine complex
Formulation contains not more than 1.0% iodine and 0.05% or 0.12 grams per gallon (4.5L) average use concentration

Made in U.S.A. 94181 (Rev. 11/91)
