Babson Bros. Co. - Chemical Division  
c/o RegWest Company  
P.O. Box 2220  
Greeley, CO 80632-2220

Attention: Kim Davis  
Consultant/Agent

Subject: PREE  
EPA Registration Number 1072-13  
Your Amendment Dated December 30, 1996

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling.

1. The Child Resistant Packaging is Required.
2. Under the Statement of Practical Treatment revise "If on Skin" to read:  
  
If on Skin: Wash with plenty of soap and water. Get medical attention.

A stamped copy is enclosed for your records. Submit one copy of the final printed label before you release the product for shipment bearing the amended label.

If you have any questions concerning this letter, please contact Delores Williams at (703) 308-6372.

Sincerely,

  
 Robert S. Brennis  
 Acting Product Manager (32)  
 Antimicrobial Program Branch  
 Registration Division (7505C)

PREE™

MAR 11 1997

**CHLORINATED SANITIZER**

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act as  
amended for the pesticide  
registered under EPA Reg. N

1072-13

<b>ACTIVE INGREDIENT:</b>		
Sodium dichloro-s-triazinetriane dihydrate .....	17%	
<b>INERT INGREDIENTS:</b> .....	83%	
Total .....	100%	

(Provides 9.5% available chlorine)

Keep Out of Reach of Children

**DANGER**

See back panel for additional precautionary statements  
and statement of practical treatment (first aid).

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals**

**DANGER:** Corrosive. Causes irreversible eye damage. Irritating to nose and throat. Harmful if swallowed, inhaled or absorbed through skin. Due to corrosive nature, may be harmful or fatal if swallowed. Do not get in eyes, on skin or on clothing. Avoid breathing dust. Wear goggles or face shield and rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash contaminated clothing before reuse.

**Statement of Practical Treatment (First Aid)**

**If In Eyes:** Hold eyelids open and flush with a steady gentle stream of water for 15 minutes. Call a physician. **If Swallowed:** Drink large amounts of water. DO NOT induce vomiting. Avoid alcohol. Call a physician or poison control center immediately. **If Inhaled:** Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention. **If On Skin:** Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention. **Note to Physician:** Probable mucosal damage may contraindicate the use of gastric lavage.

FOR ASSISTANCE WITH MEDICAL EMERGENCY, CALL 1-800-228-5635, Ext. 149 or 1-612-221-3999, Ext. 149

**Physical or Chemical Hazards**

**STRONG OXIDIZING AGENT.** Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any of the product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction, with generation of heat, liberation of hazardous gasses, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood with large volumes of water if necessary.

**Environmental Hazards**

This product is toxic to fish and other aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

**BEST AVAILABLE COPY**

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use in milk parlors, dairies, barns and food processing facilities.

Before sanitizing with Surge PREE, remove all gross food particles and soil by a pre-flush or pre-scrape, and when necessary, a pre-soak treatment. Then thoroughly wash surfaces or objects with a good detergent or compatible cleaner followed by a potable water rinse.

1. To sanitize milking equipment, milk tanks and C.I.P. pipelines, prepare sanitizing solution strength recommended by local regulatory agency. 1 Ounce (28.3 Grams) to 6 U.S. Gallons (22.7 Liters) provides 100 ppm available chlorine.
2. Immerse, flood or spray to thoroughly wet all surfaces. Fill piping and circulate solution for not less than 5 minutes.
3. Drain thoroughly and air dry.

In mechanical operations, prepared use solution may not be re-used for sanitizing, but may be used for other purposes, such as cleaning. In manual operations, fresh sanitizing solution must be prepared at least daily or more often if the solution becomes diluted or soiled.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**Storage:** Keep product dry in tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container, if possible, and flood with large amounts of water to dissolve all material before discarding. **Pesticide Disposal:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your state pesticide or environmental control agency, or the hazardous waste representative at the nearest EPA Regional Office for guidance. **Container Disposal:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
