AN-O-TOX #3246

A CONSOLIDATED FOODS COMPANY • RESPONSIVE TO CONSUMER NEEDS

DESCRIPTION

For use in dairies, meat packing plants, dairy barns, flour mills, food processing plants, granaries, warehouses, stables, boxcars, poultry plants, restaurants and supermarkets - wherever food products are made, stored, shipped or handled.

Recommended for use in hotels, motels, institutions, theaters, hospitals, trains, buses and planes.

An-O-Tox No. 3246 kills flies, mosquitoes, roaches, waterbugs, fleas, silverfish, exposed stages of Granary weevil, Rice weevil, Confused flour beetle, Rusty grain beetle, Red flour beetle, Saw-toothed grain beetle, Spider beetle, Angoumois grain moth, Mediterranean flour moth, meal worms, cigarette beetle and drugstore beetle, flying moths, gnats, wasps and spiders that come in contact with the product.

Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using the product in these areas apply only when the facility is not in operation.

ACTIVE INGREDIENTS 100%

*Technical Piperonyl Butoxide, Petroleum Hydrocarbons Pyrethrins

*Consists of (Butylcarbityl 6-Propylpiperonyl) Ether and related compounds.

EPA REG. NO. 111-138 AA

CAUTION!

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid contamination of food. Do not spray near open flame nor smoke while spraying. Do not use in poultry houses. Stay outside treated building until aired.

This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes. Do not reuse empty drum. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

DIRECTIONS

1. Flies, mosquitoes, flying moths: Dilute An-O-Tox No. 3246 at rate of 1-2 gal. per 100 gal. of petroleum oil. Close doors and windows. Direct spray toward ceiling and fill entire room with fog. Keep room closed 10-15 minutes. Do not remain in treated areas and ventilate the area after treatment is completed. Use 1 gal. per 750 sq. ft.
2. Roaches, waterbugs, silverfish, ants: Dilute 1-2 gal. in 100 gal. petroleum oil. Repeated spraying of the infested area should be done, hitting as many of the insects as possible. Spray door and window sills, cracks, crevices and baseboards. Repeat applications as necessary.
3. Spiders: Use 1-2 gal. per 100 gal. petroleum oil, and spray directly onto spiders and on spider webs with as wet a spray as possible.
4. Granary weevil, Rice weevil, Confused flour beetle, Rusty grain beetle, Red flour beetle, Saw-toothed grain beetle, Spider beetle, Angoumois grain moth, Mediterranean flour moth, meal worms, cigarette beetle and drugstore beetle in exposed or accessible stages: Floors, walls and partitions in flour mills, feed mills, food processing plants, empty train bins and boxcars should be sprayed with a dilution of 1-2 gal. in 100 gal. of petroleum oil. For dilution in water, add 1 1/2 pounds of Emulsifier R320.
