

DEMIDEK*

For treatment of demodectic and sarcoptic mange of dogs.

Active ingredients: Benzyl benzoate	40%w/w
Terpineol	1%w/w
Inert ingredients:	59%w/w
Total	100%w/w

DIRECTIONS: Demodectic Mange—Clip the entire body if infection is generalized. Apply to clipped and cleaned area by massaging into and around each lesion, repeating application after drying. Re-treat all lesions daily for 1 week. Sarcoptic Mange—Clip infected area and apply at once. Re-treat in seven days if necessary.

CAUTION: Keep out of reach of children. Since diagnosis of demodectic mange is often difficult, and treatment may involve other factors such as diet, treatment should be done by or under direction of a veterinarian. For external use only. Harmful if swallowed. Irritating to eyes. Do not use on cats.
