

1 gallon

FORT DODGE

Quan-Sept*

A Quaternary Ammonium Compound Solution
Use as a disinfectant.

Active ingredients:

| | |
|---|----------|
| Methyldodecylbenzyl trimethyl ammonium chloride | 8% w/w |
| Methyldodecylxylylene bis (trimethyl ammonium chloride) | 2% w/w |
| Inert ingredient: Water | 90% w/w |
| Total | 100% w/w |

Phenol coefficient (A.O.A.C. method, 20° C.):
Salmonella typhosa—25; Staphylococcus aureus—40

DIRECTIONS: Dilute 1 oz. in 2 gallons of water. Apply freely and allow to air dry. If used on dairy equipment, flanks or udders, rinse with potable water prior to milking.

CAUTION: Keep out of reach of children. Harmful if swallowed. Avoid contact with skin and eyes. In case of contact flush with plenty of water. If irritation persists, get medical attention. Avoid contamination of food.
