1 gallon

FORT DODGE®

NOLVASAN*-S

(CHLORHEXIDINE)

Virucide

Active ingredient:

1, 1'-Hexamethylenebis [5-(p-chlorophenyl)

biguanide] diacetate 2%

Inert ingredients 98%

General Directions for Disinfection

After thorough washing, rinse the containers or utensils in a solution made by adding 1 ounce (2 tablespoonfuls) of Nolvasan-S to each gallon of clean water. Not effective against gram-positive pyogenic cocci.

For disinfection of inanimate objects to aid in control of Newcastle virus, canine distemper virus, infectious bronchitis virus, bovine rhinotracheitis virus, bovine virus diarrhoea virus and parainfluenza-3 virus—clean walls, cages or utensils thoroughly and spray or wash surface with a solution made by adding 3 ounces (6 tablespoonfuls) of Nolvasan-S to each gallon of clean water.

CAUTION: Keep out of reach of children. May be irritating to eyes or mucous membranes. Avoid contamination of feed and foodstuffs.
