DIRECTIONS FOR USE

Screw-worm and Blowfly Infestations: Apply with swab or brush, working into deep pockets. Also spread smear around and over drainage area below wound. Re-treat if necessary. Freely bleeding wounds may require several applications. Re-treat at 5-to 7-day intervals if necessary until wound is healed.

To Prevent Screw-worm and Blowfly Infestations: Treat fresh wounds resulting from dehorning, castration, branding, shear cuts, etc. Also treat navels of newborn animals. Re-treat at 5-to 7-day intervals if necessary until wound is healed.

Face Worm and other Blowfly Infestations: Mix one part Myzin-R Smear with nine parts water. Apply as a wash on and around infested areas. Re-treat at 3-day intervals as needed.

Ear Tick and Ear Mite Control: Pour undiluted smear in ears or apply with a brush or swab. Re-treat at 3-day intervals as needed.

CAUTIONS

Do not get in the eyes. Avoid contact with skin or clothing. Avoid contamination of feed or foodstuffs. Wash thoroughly after use.

FIRST AID

In case of contact with human eyes, flush eyes immediately with plenty of water and get prompt medical attention.

Notice to Physician or Veterinarian

Ronnel is a cholinesterase inhibitor. Atropine is an antidote. Z-PAM is also antidotal and may be administered in conjunction with atropine. Treat symptomatically.

USE PRECAUTIONS

This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning equipment or disposal of wastes. Apply this product only as specified on this label.

Do not re-use empty container. Destroy by wrapping in paper and crushing. Bury crushed container in non-crop lands away from domestic water supplies, or dispose of it with solid wastes.

Ronnel is a cholinesterase inhibitor. Do not use this product on animals simultaneously or within a few days before or after treatment with or exposure to cholinesterase inhibiting drugs, pesticides or chemicals. Consult veterinarian at first sign of adverse reaction.

Harmful if swallowed.

NOTICE

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label, when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
