Fort Dodge Laboratories
P.O. Box 518
fort Dodge, IA 50501

Attention: Chris Nostrom

Subject: Chlorhexidine Diacetate
EPA Registration No. 1117-62
Letter Dated May 2, 2001

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, to remove the "Restricted Use" statement, is acceptable, provided that you make the following label changes listed below.

1. Revise the descriptive statement "This product is a manufacturing use product for formulation use only" to "This is a manufacturing use product for the formulation of indoor use antimicrobial hard surface disinfectant products".

2. Revise the statement "Formulator must obtain their own registration for end-use product, if appropriate" to "Formulators using this product are responsible for obtaining EPA registration of their product".

Submit two (2) copies of the final printed labeling for our review. A stamped copy of the labeling is enclosed for your records.

If you have any questions concerning this letter, please contact Martha Terry at (703) 308-6217.

Sincerely

Marshall Swindell
Product Manager 33
Regulatory Management Branch 1

Precautionary Statements Hazards to Human and Domestic Animals

DANGER

Corrosive. Causes irreversible eye damage. May be fatal if inhaled.
Harmful if swallowed or absorbed through skin. Do not breathe dust.

NOTE TO PHYSICIAN: Predominant symptoms observed are mild to severe localized irritation, depending on the route of exposure. Treatment should be symptomatic and must include washing or flushing of exposed area to remove the compound and maintenance of respiration if required. There are no specific drugs to counteract specific physiological effects.

EMERGENCY PHONE: 800-424-9300

ENVIRONMENTAL HAZARDS

Do not discharge the effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NDPES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PERSONAL PROTECTION EQUIPMENT

HANDLERS MUST WEAR:

- 1) Long-sleeved shirt and long pants
- 2) Socks and shoes
- 3) Goggles and face shield
- 4) Chemical-resistant gloves (such as Nitrile, Butyl, Neoprene, and/or Barrier Laminate)
- 5) Wear a dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21CO or a NIOSH approved respirator with any N, P, R or HE pre-filter). Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash before reuse.

Directions for Use

It is a violation of Federal Law to use this product
in a manner inconsistent with this labeling.

This product is a manufacture use product for formulation use only.
Formulator must obtain their own registration for end-use product, if appropriate.

Storage and Disposal

Storage: Store at controlled room temperature 15°C - 30°C.

Disposal: Do not contaminate water, food or feed by storage or disposal.
Pesticide wastes are acutely hazardous. Improper disposal of excess
pesticide, spray mixture, or rinsate is a violation of Federal Law. If
these wastes cannot be disposed of by use according to label
instructions, contact your State Pesticide or Environmental Control
Agency or the Hazardous Waste representative at the nearest EPA
Regional Office for guidance.

To Dispose of Container (fiber drum with liner):

Completely empty liner by shaking and tapping sides and bottom to
loosen clinging particles. Empty residue into application equipment.
Then dispose of liner in a sanitary landfill or by incineration if allowed
by state and local authorities. If drum is contaminated and cannot be
reused, dispose of in the same manner.
