BEST DOCUMENT AVAILABLE

For use as a cleaner, disinfectant and deodorant. Carefully
processed from the finest steam distilled pine oil.

Sani-Pine is recommended for cleaning, disinfecting and
deodorizing floors, walls, restrooms and refuse areas.

**EXCELLENT FOR CLEANING
and DISINFECTING:**

FLOORS: Wood, Painted, Linoleum, Ceramic, Rubber or Asphalt
Tile. 4 tablespoons Sani-Pine per gallon clear water. Dissolves
greasy film, grime, soil. Removes old wax, oil, gum, kick
marks, rubber heel marks. NOTE: On rubber or asphalt tile,
rinse right away with clear water.

WALLS, WOODWORK, VENETIAN BLINDS: Use 5 or more table-
spoons per gallon of water. Cuts thru greasy film, soot,
removes crayon, pencil, finger marks.

KITCHEN STOVES, SINKS, DRAIN BOARDS, REFRIGERATORS:
Use 4 tablespoons per gallon of water for porcelain surfaces.
When extra greasy, use Sani-Pine full strength. Let soak,
rinse off.

WASHER: Add 1/2 cup Sani-Pine per load along with regular
soap or detergent. No soaking needed. Dissolves grease and
grime from heavy duty work clothes. Wash out machine with
Sani-Pine to loosen undissolved soap, remove scum.

SPOTS, STAINS: Just dampen soiled area with Sani-Pine full
strength, then put in washer with rest of clothes.

**BATHROOM FLOORS, TUBS, TOILETS, SHOWER STALLS, LAVAT-
ORIES, GARBAGE CANS:** Use 4 tablespoons per gallon of
water.

SILVERING: Add 5 tablespoons per gallon of water when wash-
ing, soaking, towels, bathroom vessels, combs, brushes, silver-
ware, dishes, floors, furniture.
