

Blu-Lite Germicidal Acid Cleaner

Product # F968538

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with labeling.

Cleaning and Disinfecting Toilet Bowls: Remove water from bowl by pushing over trap with bowl mop. Holding bowl mop directly over toilet, pour 4 fl. oz. **Blu-Lite** onto mop; thoroughly clean all areas and under flush ring. Allow solution to remain on treated surface for 10 minutes. Flush toilet and rinse out mop.

Cleaning and Disinfecting Urinals: Holding mop directly over urinal, pour 4 fl. oz. **Blu-Lite** on mop. Immediately scrub all surfaces. Allow solution to remain on surface for 10 minutes. Replace screen and flush urinal. To deodorize, remove trap screen, pour small amount **Blu-Lite** into drain opening and scrub. Replace screen and flush urinal. Will not harm plumbing or septic tanks. For cleaning stainless steel, aluminum, copper, brass, ceramic, glass, plastic, cement surfaces, tile and grouting on counters and drainboards, use 4 fl.oz. **Blu-Lite** to a gallon of water, scrub and rinse thoroughly.

Phosphorous as P...6.48%

Kills most disease and odor producing bacteria found in toilet bowls and urinals

such as Salmonella choleraesuis, Staphylococcus aureus, and Pseudomonas aeruginosa.

USDA authorized (C2) for use in federally inspected meat and poultry plants, is acceptable for use in toilets and/or dressing rooms of official establishments operating under the Federal meat, poultry, shell egg grading, and egg products inspection programs.

FOR PROFESSIONAL SANITARY MAINTENANCE USE ONLY.
NOT FOR SALE FOR RESIDENTIAL USE.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed or absorbed through skin or inhaled. Do not get in eyes, on skin or on clothing. Avoid breathing spray mist. Wear protective eyewear, clothing and gloves (goggles or face shield). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID

If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin or clothing, take off contaminated clothing. Rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **If swallowed,** call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **If inhaled,** move person to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going in for treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

(1 gallon package size or less)

STORAGE AND DISPOSAL

Keep product under locked storage, inaccessible to small children. Do not reuse empty container. Rinse thoroughly, securely wrap empty container in several layers of newspaper and discard in trash.

(Over 1 gallon package size)

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and/or disposal.

PESTICIDE STORAGE: Keep product under locked storage, inaccessible to children. Open dumping is prohibited. Do not reuse empty container.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent), then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or incinerate, or if allowed by state and local authorities, burn. If burned, stay out of smoke.

ENVIRONMENTAL HAZARDS: Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
