SANI-TURGE 256[®]

Highly Concentrated Germicide Based on a Unique Blend of Quaternaries
Cleaner — Disinfectant — Deodorizer
Fungicide — Virucide* on inanimate environmental surfaces for hospital and institutional use.

1 GALLON

One of the major problems in hospitals, schools, institutions and industry is cross-infection. SANI-TURGE 256 has been formulated for this problem area. It both cleans and disinfects when used as directed. Its hard surface disinfecting action will reduce the hazard of cross-infection from environmental surfaces.

SANI-TURGE 256 will deodorize toilet areas, garbage cans, garbage compactor areas, behind and under sinks and counters and other places where bacterial growth can cause malodors. It prevents odors caused by mold and mildew.
