## DIRECTIONS

### For Fleas on Dogs:

Hold dog with one hand and spray lightly. Also spray bedding and other items with which dogs come in contact. When spraying kennel, doghouse or room, spray entire space and spray toward ceiling until complete area is filled with heavy mist.

For ticks. Brush back dogs hair and spray lightly as "Mit-E-Kil" will kill ticks only on contact. Repeat application as often as necessary.

### For Fleas on Cats:

Hold cat with one hand and spray lightly. Also spray bedding and all other items with which cat comes in contact. Repeat application as often as necessary.

### For Red Mites on Birds,

### Pigeons and Chickens:

Close all doors and windows. Spray birds, cages and entire room including cracks and floor. Spray toward ceiling and until room is filled with light mist. Spray as often as necessary.

For Canaries Hold sprayer at least two feet away from the cages and spray directly into cages. Spray as often as necessary.

**DO NOT REMAIN IN TREATED AREAS  
AND VENTILATE THE AREA AFTER  
TREATMENT IS COMPLETED.**
