Subject: Notification to Revise Storage and Disposal Statement per PRN 2007-4
EPA Reg. Nos: 1157-41, 1157-43, 1157-44, 1157-45, 1157-46, 1157-47, 1157-48,
and 1157-49
Your Submissions Dated February 9, 2011

Dear Ms. Bjornson:

The Biopesticides and Pollution Prevention Division is in receipt of your applications for Notification under Pesticide Registration Notice (PRN) 2007-4, as referenced above. A screen of these requests has been conducted for applicability under PRN 2007-4, and it has been determined that the actions fall within the scope of this document. Our records have been duly noted, and the product labels submitted with these applications have been stamped "Notification Accepted" and placed in our records as current and updated. Should you have any questions regarding this action, you may contact Gina Casciano at (703) 605-0513 or via email at casciano.gina@epa.gov.

Sincerely,

Linda Hollis

Moorman's Hi – Phos IGR Minerals DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product only prevents emergence of adult horn flies from the manure of treated cattle. Begin use in the spring before horn flies appear on cattle and continue feeding until cold weather restricts horn fly activity. Introduction of the product when significant numbers of adult flies are present may require the use of adulticide sprays or dusts.

Free-Choice Feeding (self-feeding)

Make sure cattle are not starved for minerals or salt by providing them before feeding MoorMan's Hi-Phos IGR Minerals. Then remove salt or mineral supplement and start continuous feeding of MoorMan's Hi-Phos IGR Minerals.

The recommended consumption of MoorMan's Hi-Phos IGR Minerals is 0.25 lb ($\frac{1}{4}$ lb) to 0.5 lb ($\frac{1}{2}$ lb) per 100 lb of body weight per month. Place MoorMan's Hi-Phos IGR Minerals near watering or loafing areas and provide one feeder for each 15 to 20 head. Put out only a 5-7 day supply of MoorMan's Hi-Phos IGR Minerals at one time and protect it from rain.

If consumption of MoorMan's Hi-Phos IGR Minerals is above 0.5 lb ($\frac{1}{2}$ lb) per 100 lb of body weight per month, reduce the number of feeding stations or relocate feeders in areas frequented less by cattle.

If consumption of MoorMan's Hi-Phos IGR Mineral is below 0.25 lb ($\frac{1}{4}$ lb) per 100 lb of body weight per month, increase the number of feeding stations or relocate in areas more frequented by cattle.

Mixed Ration Feeding (hand-feeding)

When cattle are on supplemental feeds or if mineral consumption is not as recommended, mix MoorMan's Hi-Phos IGR Minerals with other non-medicated feeds and feed daily to provide 0.25 lb ($\frac{1}{4}$ lb) to 0.5 lb ($\frac{1}{2}$ lb) of MoorMan's Hi-Phos IGR Minerals per 100 lb of body weight per month.

STORAGE AND DISPOSAL

Do not contaminate water or food by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry area.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.
