INERT INGREDIENTS: 83.0%

E.P.A. Reg. No. 1187-47

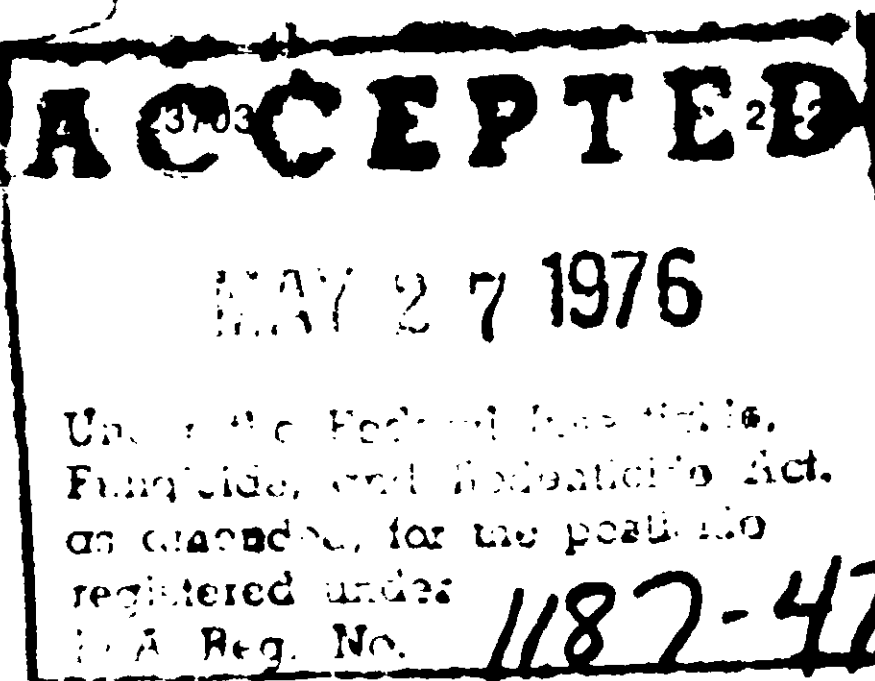

VIRGINIA CHEMICALS INC., PORTSMOUTH

HOW TO USE: (Clean out any debris prior to treatment) Place can upright on floor in center of area to be treated. For home use, place on a table or stand for best results. A newspaper should be placed under the container to prevent marring surfaces. Snap lock-open nozzle over lip of container. When discharge of insecticide starts, close area as tightly as possible and leave closed for at least 30 minutes. Repeat treatments as necessary. The entire contents of this can are sufficient to treat a truck or boxcar with a maximum carrying space of 5000 cubic feet of unobstructed space. Do not remain in treated areas and ventilate the area after treatment is completed. Sweep up and destroy fallen insects

WARNING: Contents under pressure. Do not use or store near heat or open flame. Exposure to temperatures above 130°F. may cause bursting. Never throw container into fire or incinerator. Remove pets, birds and cover fish aquariums before spraying. Persons hypersensitive to ingredients should avoid exposure to the mist. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using the product in these areas, apply only when the facility is not in operation. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out open flames

Harmful if swallowed. Avoid breathing of spray mist. Avoid contact with skin.
