

DEC 06 1990

Peck's Products Company
610 East Clarence
St. Louis, MO 63147

Attention: Kerry L. Martin
Government Relations

Gentlemen:

Subject: Hospi-Toi 128
EPA Registration No. 1190-50
Your Amendment Dated July 25, 1990

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - a. In the revised label, the net contents must be declared on the label or on the container.
 - b. In the Storage and Disposal section, revise the "Pesticide Disposal" instructions to read:

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions,

56354:1;WP5.0:K10:DeLaney:C.Disk;KENC0:11/23/90;de;JH:DD

CONCURRENCES

contact your State Pesticide
or Environmental Control
Agency, or the Hazardous
Waste representative at the
nearest EPA Regional Office
for guidance.

- c. Delete the statement "For Sale For Use and Storage by
Maintenance Personnel Only."
- d. Delete the word "milk."
- e. Delete the statement "General Classification."

2. Submit five (5) copies of your final printed labeling before you
release the product for shipment.

If these conditions are not complied with, the registration will be
subject to cancellation in accordance with FIFRA section 6(e). Your
release for shipment of the product constitutes acceptance of these
conditions.

A stamped copy of the label is enclosed for your records.

If you have any questions concerning this letter, please contact
Martha DeLaney at (703) 557-6982.

Sincerely yours,

John H. Lee 
Product Manager (31)

Registration Division (H7505C)

Enclosure

Cross contamination is of major housekeeping concern not only in hospitals, but in schools, institutions, and industry. This product has been formulated to aid in the reduction of cross-contamination in these areas. This formulation is a one-step disinfectant-cleanser - it is effective against a broad spectrum of bacteria, is virucidal, fungicidal, and will prevent the growth of mold and mildew and their odors when used as directed. This product is an effective one-step sanitizer-cleanser for use on non-food contact surfaces.

When used as directed, the product will deodorize surfaces in toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas, and other places where bacterial growth can cause mal odors.

Precautionary Statements - Hazards to Humans and Domestic Animals
DANGER

Keep out of reach of children. Corrosive. Causes eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if swallowed. Avoid contamination of food.

STORAGE AND DISPOSAL

- Do Not Contaminate Water, Food, or Feed By Storage Or Disposal
- Open Dumping Is Prohibited
- Do Not Reuse Empty Container

PESTICIDE DISPOSAL

Pesticide Spray Mixture or Rinse Water that Cannot be used according to Label Instructions Must be disposed of according to Federal or Approved State Procedures under Subtitle C of the Resource Conservation and Recovery Act.

CONTAINER DISPOSAL

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by incineration if allowed by State and Local Authorities.

GENERAL

Consult Federal, State or Local disposal authorities for Approved Alternative Procedures.

Statement of Practical Treatment

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsor may be needed.

Directions

It is a violation of Federal Law to use this product in a manner inconsistent with the directions on the label. The product is a proven "one-step" in the presence of moderate amounts.

Apply the formulation to walls, floors, tables, chairs, countertops, the pot spray device as to thoroughly required. Prepare a fresh solution.

DISINFECTION - To disinfect surfaces must remain wet for 10 minutes in the presence of 5% serum by the AGL spectrum of gram-negative and gram-positive organisms.

- Pseudomonas aeruginosa
- Staphylococcus aureus
- Salmonella choleraesuis
- Escherichia coli
- Streptococcus pyogenes
- Proteus mirabilis
- Klebsiella pneumoniae

FUNGICIDAL PERFORMANCE - kills mold and mildew on walls, floors, rooms, dressing rooms, shower areas.

MOLD AND MILDEW CONTROL - kills mold and mildew and the odors (as indicated in general instructions) growth returns.

VIRUCIDAL PERFORMANCE - kills presence of 5% serum and found to Herpes Simplex and Vaccinia on non-food contact surfaces.

SANITIZING-NON-FOOD CONTACT SURFACES - kills Staphylococcus aureus and Klebsiella pneumoniae on environmental surfaces. Treated surfaces are safe for use.
