HOSPITOL

This disinfectant has been formulated to aid in the reduction of cross-contamination in institutions, schools and hospitals. This formulation is a one-step disinfectant-cleaner that is effective against a broad spectrum of bacteria, is virucidal, fungicidal and will prevent the growth of mold and mildew and their odors when used as directed. This product is an effective one-step sanitizer-cleaner for use on non-food contact surfaces. When used as directed, this product will deodorize surfaces in toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas, and other places where bacterial growth can cause mal odors.

Precautionary Statements—Hazards to Humans and Domestic Animals

KEEP OUT OF REACH OF CHILDREN

**DANGER**

**CORROSIVE. CAUSES EYE AND SKIN DAMAGE.** Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if swallowed. Avoid contamination of food.

**ENVIRONMENTAL HAZARDS:** Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

**STORAGE AND DISPOSAL**

- Do not contaminate water, food or feed by storage or disposal.
- Open dumping is prohibited.
- Do not reuse empty container.

**PESTICIDE DISPOSAL:** Pesticide, spray mixture or rinse water that cannot be used according to label instructions must be disposed of according to Federal or Approved State Procedures under Subtitle C of The Resource Conservation and Recovery Act.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning or dispose of in a sanitary landfill, or by incineration if allowed by State and Local Authorities.

**GENERAL:** Consult Federal, State or Local Disposal Authorities for Approved Alternative Procedures.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This product is a proven "one-step" cleaner-disinfectant-sanitizer-fungicide-mildewstat-virucide in the presence of moderate amounts of organic soil.

Apply this disinfectant to walls, floors and other hard (inanimate) non-porous surfaces such as tables, chairs, counter tops, sinks and bedframes with a cloth, mop or mechanical spray device so as to thoroughly wet surfaces. For heavily soiled areas, a preliminary cleaning is required. Prepare a fresh solution daily or when use solution becomes visibly dirty.

**DISINFECTION:** To disinfect hard, non-porous surfaces, treated surfaces must remain wet for 10 minutes.

**FOR HOSPITALS AND NURSING HOMES:** Add 2 oz./gallon of water. The activity of this formulation has been evaluated in the presence of 5% serum by the AOAC use dilution test and found to be effective against a broad spectrum of gram negative and gram positive organisms as represented by: Pseudomonas aeruginosa · Enterobacter aerogenes · Staphylococcus aureus · Salmonella schottmuelleri · Salmonella choleraesuis · Streptococcus faecalis · Escherichia coli · Shigella dysenteriae · Serratia marcescens · Klebsiella pneumoniae · Brevibacterium ammoniagenes.

**FOR SCHOOLS, NON-MEDICAL INSTITUTIONS AND INDUSTRIAL USES:** At 1 oz./gallon of water, this formulation delivers excellent cleaning and germicidal effectiveness. It is effective against Staphylococcus aureus, Salmonella choleraesuis and Escherichia coli. The same AOAC tests used above to confirm suitable performance for hospitals were used.

**FUNGICIDAL PERFORMANCE:** This product at 1 oz./gallon is an effective fungicide against Trichophyton mentagrophytes (the athlete's foot fungus) when used on surfaces in areas such as locker rooms, dressing rooms, shower and bath areas, exercise facilities, etc.

**MOLD AND MILDEW CONTROL:** At 1 oz./gallon, this product will effectively inhibit the growth of mold and mildew and odors caused by them when applied to hard, non-porous surfaces (as indicated in general instructions above). Allow to dry on surface and repeat when mildew growth returns.

**VIRUCIDAL PERFORMANCE:** \*At 1 oz./gallon use level, this product was evaluated in the presence of 5% serum and found to be effective against the following viruses: Influenza A/Brazil, Herpes Simplex and Vaccinia, on inanimate environmental surfaces.

**SANITIZING NON-FOOD CONTACT SURFACES** (such as floors, walls, tables, etc.): At 1/2 oz./gallon use level this product is an effective sanitizer against Staphylococcus aureus and Klebsiella pneumoniae in the presence of 5% serum on porous and non-porous environmental surfaces. Treated surfaces must remain wet for 60 seconds.
