DEC 16 2003

Subject: HOSPI-TOL 64
EPA Registration No. 1190-52
Application Date: 9/11/03
Receipt Date: 9/22/03

Dear Mr. Sempkarski:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable:

- Response to PR Notice 2001-1
- Addition of medical device statement
- Added disposal statement

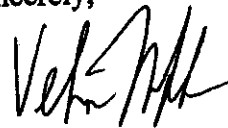

GENERAL COMMENTS

Revise the ingredient statement to add the word "TOTAL".

A stamped copy of the labeling is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact Zenobia Jones at (703) 308-6198.

Sincerely,

Velma Noble
Product Manager 31
Regulatory Management Branch 1
Antimicrobial Division (7510C)

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product is a proven "one-step" cleaner-disinfectant-sanitizer-fungicide-mildewstat-virucide in the presence of moderate amounts of organic soil.

Apply this disinfectant to walls, floors and other hard (inanimate) non-porous surfaces such as tables, chairs, counter tops and sinks with a cloth, mop or mechanical spray device so as to thoroughly wet surfaces. For heavily soiled areas, a preliminary cleaning is required. Prepare a fresh solution daily or when use solution becomes visibly dirty.

This product is not for use on medical device surfaces.

DISINFECTION: To disinfect hard, non-porous surfaces, treated surfaces must remain wet for 10 minutes.

FOR HOSPITALS AND NURSING HOMES: Add 2 oz./gallon of water. The activity of this formulation has been evaluated in the presence of 5% serum by the AOAC use dilution test and found to be effective against a broad spectrum of gram negative and gram positive organisms as represented by: *Pseudomonas aeruginosa* • *Enterobacter aerogenes* • *Staphylococcus aureus* • *Salmonella schottmuelleri* • *Salmonella choleraesuis* • *Streptococcus faecalis* • *Escherichia coli* • *Shigella dysenteriae* • *Serratia marcescens* • *Klebsiella pneumoniae* • *Brevibacterium ammoniflavens*.

FOR SCHOOLS, NON-MEDICAL INSTITUTIONS AND INDUSTRIAL USES: At 1 oz./gallon of water, this formulation delivers excellent cleaning and germicidal effectiveness. It is effective against *Staphylococcus aureus*, *Salmonella choleraesuis* and *Escherichia coli*. The same AOAC tests used above to confirm suitable performance for hospitals were used.

FUNGICIDAL PERFORMANCE: This product at 1 oz./gallon is an effective fungicide against *Trichophyton mentagrophytes* (the athlete's foot fungus) when used on surfaces in areas such as locker rooms, dressing rooms, shower and bath areas, exercise facilities, etc.

MOLD AND MILDEW CONTROL: At 1 oz./gallon, this product will effectively inhibit the growth of mold and mildew and odors caused by them when applied to hard, non-porous surfaces (as indicated in general instructions above). Allow to dry on surface and repeat when mildew growth returns.

VIRUCIDAL PERFORMANCE: At 1 oz./gallon use level, this product was evaluated in the presence of 5% serum and found to be effective against the following viruses: Influenza A/Brazil, Herpes Simplex and Vaccinia, on inanimate environmental surfaces.

SANITIZING NON-FOOD CONTACT SURFACES (such as floors, walls, tables, etc.): At 1/2 oz./gallon use level this product is an effective sanitizer against *Staphylococcus aureus* and *Klebsiella pneumoniae* in the presence of 5% serum on porous and non-porous environmental surfaces. Treated surfaces must remain wet for 60 seconds.

EPA Est. No. 119G-MO-01

**KEEP OUT OF REACH OF CHILDREN
DANGER**

FIRST AID:

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes; then continue rinsing eye. Call a poison control center or doctor for treatment advice. If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. If inhaled: Move person to fresh air. If person is not breathing call 911 or ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed.

SEE RIGHT PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS

502/08-22-2003

This disinfectant has been formulated for use in schools and hospitals. This formulation has a broad spectrum of bacteria, is virucidal and their odors when used as directed on non-food contact surfaces.

When used as directed, this product is safe on walls, floors, counters, garbage cans and garbage bins.

Precautionary Statement:
KEEP OUT OF REACH OF CHILDREN

CORROSIVE. CAUSES EYE AND SKIN IRRITATION. Wear goggles or face shield and rubber gloves. Do not ingest. Do not use on food.

ENVIRONMENTAL HAZARDS: Do not discharge into streams, ponds, estuaries, oceans or other bodies of water. Do not discharge into National Pollutant Discharge Elimination System (NPDES) without previously notifying your State Water Board or Regional Office.

STORAGE:

Do not contaminate water, food or feed. Do not reuse empty container.

PESTICIDE DISPOSAL: Pesticide waste, including empty container, is a violation of Federal law. Use according to label instruction, contact the Hazardous Waste representative at your local office for **CONTAINER DISPOSAL - PLASTIC** recycling or reconditioning or puncture and disposal by state and local authorities, burn, if by state and local authorities. Rinse thoroughly and reuse empty container in trash.
