PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Maybe harmful if swallowed

CAUTION: Avoid contact with eyes, skin, and clothing. Avoid breathing vapors or spray mist. Keep away from food, feedstuffs and domestic water supplies. Wash thoroughly after handling.

ENVIRONMENTAL HAZARDS: This product is highly toxic to bees exposed to direct treatment or residue on plants. This product is toxic to fish, birds, and other wildlife. Keep out of lakes, streams, ponds, tidal marshes, and estuaries. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS: Do not use or store near heat or open flame. Do not store below 32°F.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

HOW TO USE: Hold container upright and spray infested surfaces until wet. Do not use as a space spray. Do not spray desirable plants. Thoroughly wash dishes and food handling utensils with soap and water if they become contaminated by application of this product. Do not allow children or pets to contact treated surfaces until spray has dried. Remove pets and cover fish bowls (tanks) before spraying. Do not apply sprays of this product in conduits, motor housings, junction and switch boxes or other electrical equipment because of possible shock hazard. Do not use in edible products areas of food processing plants, restaurants, or other areas where food is commercially prepared. Repeat treatment as needed. NOTE: After each use, store nozzle above liquid level of container to prevent leakage and siphoning from nozzle.

FOR CONTROL OF CRICKETS, ROACHES, ANTS, CLOVER MITES, FIREBRATS, SILVERFISH, AND SPIDERS (Indoors) - Thoroughly apply under and behind sinks, stoves, refrigerators, cabinets, around plumbing, along and

behind baseboards and other areas where insects hide including dark corners of rooms, cabinets, cracks and crevices in walls and floors. For ants apply to ant trails, also around doors and windows and wherever else these pests may find entrance.

FOR CONTROL OF BROWN DOG TICKS AND FLEAS: Thoroughly apply as a spray for spot treatment to infested areas such as pet beds and resting quarters; nearby cracks and crevices; along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Old bedding of pets should be removed and replaced with clean, fresh bedding after treatment of pet area. DO NOT TREAT PETS with this product. To control the source of flea or tick infestation, pets inhabiting the treated premises should be treated with a product registered for application to animals.

FOR CONTROL OF CARPET BEETLES (Indoors) - Thoroughly apply as a spray spot treatment along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelving, and wherever else these insects are seen or suspected.

FOR CONTROL OF FLIES, MOSQUITOES (Outdoors) - Use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also, treat light fixtures on porches, in garages, and other places where these insects alight or congregate. Repeat at as necessary.

FOR CONTROL OF CRICKETS, ANTS, BROWN DOG TICKS, FLEAS, AND EARWIGS (Outdoors) - Spray infested area thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as reinfestation occur.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection

TRIGGER SPRAYER
INSTRUCTIONS

PRIMING THE SPRAYER: Open adjustment nozzle 2 complete revolutions. Submerge sprayer and hose in water. Operate trigger 10 to 15 times to prime sprayer. Remove sprayer from water and pump handle. You should have a stream of spray while pumping.

CAP-TUBE INSTALLATION TO BOTTLE: Remove cap from bottle and push capliner out of cap with end of hose. Feed hose through hole in cap so that cap is level with top of container when hose tip touches bottom of container. Put hose into container, screw cap on tight. Be sure hose reaches bottom of container. Pump handle to clear water and adjust nozzle to fit selected job.

CLEANING SPRAYER: Remove from the bottle after each use and clean by pumping water through the sprayer for 30 seconds

TO INSURE LONGER SPRAYER LIFE: Remove from bottle and clean by pumping water through it. Place one to two drops of light oil around the sprayer piston before each use.

STORAGE: Store container out of reach of children. Place sprayer nozzle under handle on container so that sprayer is not below level of contents of container.
