DIRECTIONS

CAUTION AROUND FOODS: Cover all foods,
dishes, utensils, and food processing surfaces
before spraying. In food establishments use
only after hours.

FOR EACH INSECT BELOW: Remove cap. Point open-
ing of valve away from you, and press. Spray 3 feet
away from surfaces. Repeat as necessary. Do not
spray on plastics, asphalt tile, wallpaper or
furniture. Remove fish bowls, birds and pets from
room; cover all food and dishes before spraying.

FLYING INSECTS: (Flying moths, flies, mosquitoes,
gnats, hornets, wasps) At center of room spray
upwards in all directions for 5 to 10 seconds for
average room. Keep doors and windows closed while
spraying. Return after 15 minutes and air room.

CRAWLING INSECTS: (Roaches, silverfish, waterbugs,
spiders, crickets) Spray directly at insects. Spray
cracks, crevices of walls and woodwork behind
sinks, cabinets, stoves, and damp dark hiding
places. Spray where insects crawl.

FLEAS: Spray floors and animal quarters.

BEDBUGS: Take bed apart. Spray mattress seams,
springs, cracks in bed frame, baseboards, floors.

ANTS: Spray directly on ants.
