

[1200-25]

DIRECTIONS

This spray is a specific for the rapid knockdown of yellow jackets, hornets, bees and other stinging or biting insects that can be a hazard in a given outdoor work area.

The target insect should be sprayed for two seconds at a minimum distance of two feet.

Excellent for clearing outdoor areas of unwanted pests such as flies, mosquitoes and gnats around patios, swimming pools and play areas. Most effective when little or no wind is blowing.

**NON-TOXIC TO HUMANS
AND PETS**

**CAUTION
KEEP OUT OF REACH OF
CHILDREN**

Container should not be stored above 120°F. Do not puncture or incinerate this container.
