

# PICK - QUIK

**LIQUID DEFOLIANT**  
**ACTIVE INGREDIENT:**  
Sodium Chlorate..... 10.7% ✓  
**INERT INGREDIENTS:**..... 89.3%  
100.0%

Contains Urea as a fire suppressant.  
E.P.A. REG. NO. 1202-206-AA  
E.P.A. Est. No.

**ACCEPTED**  
**APR 22 1965**  
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under  
EPA Reg. No. 1202-206

**KEEP OUT OF REACH OF CHILDREN**

## CAUTION

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMAN AND DOMESTIC ANIMALS**  
**CAUTION**

Harmful if swallowed. Avoid contact with skin and clothing. Wash hands after use. Remove and launder clothing before reuse. Avoid contamination of food. Do not use on humans or permit children to go onto sprayed areas until spray has completely dried.

**STATEMENT OF PRACTICAL TREATMENT**

If swallowed, give large amount of water to drink, make person vomit, and call a doctor or Poison Control Center. In case of eye contact, immediately flush eyes with fresh water for 15 minutes and see a doctor. For skin contact, wash with plenty of soap and water. See a doctor if irritation persists. Los Angeles Poison Control Center: (213) 661-2121

**ENVIRONMENTAL HAZARD**

This product is toxic to fish. Do not apply directly to water or wetlands. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from treated areas. Do not contaminate water by cleaning of equipment or disposal of wastes.

**FLAMMABLE LIQUID**

Strong oxidizer. Contact with combustible material may cause fire. Keep away from heat and open flame.

**DIRECTIONS FOR USE**  
**GENERAL CLASSIFICATION**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Storage and Handling**

Do not contaminate water, food, or feed by storage, disposal or cleaning of equipment.

**Storage:** Store in a cool, dry, fire resistant, locked storage area; separate from acids, solvents, oils, organic substances, sulfur, sulfides, powdered metal, sulfur slats and away from fire hazards. In case of spill, flush area with large quantities of water.

**Pesticide Disposal:** Pesticide wastes are acutely hazardous. Improper disposal of empty pesticide spray mixture or residue is a violation of Federal law.

If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the hazardous waste representative at the nearest EPA Regional Office for guidance.

**Container Recycle:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. Do not reuse empty container.

**SUGGESTIONS FOR APPLICATION**

**IMMATURE AND DROUGHT OF PLANTS ARE THE MOST FREQUENT CAUSES OF UNSATISFACTORY DEFOLIATION.** Under most growing conditions proper maturity is indicated by the green foliage color becoming lighter and tinged with red, and by a definite reddening of the stems. Do not defoliate when plants are suffering from drought as evidenced by wilt condition of the plant. Cotton suffering from an etiol condition should not be defoliated. Thorough coverage of the plant is essential, whether applied by ground or air. Apply defoliant 10-21 days before picking date on cotton.

**FOR AIRCRAFT:** Add sufficient water to equal a minimum of \_\_\_\_\_ gallons of spray per acre.

**GROUND SPRAYERS:** Use recommended amount of PickQuik Liquid Defoliant in 20 to 60 gallons of water per acre for cotton.

**COTTON:** Apply 2 to 2 1/2 gallons per acre by ground sprayer or aircraft. For pre-harvest defoliation and desiccation, six to eight nozzles per row are usually necessary to obtain good results with ground sprayer. Do not graze treated areas or feed give waste to livestock. Do not apply within 7 days of harvest.

**W/O, SORGHUM:** 2-3 gallons per acre for harvest desiccation. Apply when fully mature, 7 to 10 days before harvest.

**CONDITIONS OF SALE AND WARRANTY**

Puregro Company warrants that this product conforms to the chemical description on the label and is reasonably fit for purposes stated on such label. Puregro makes no other warranty, express or implied, of fitness or merchantability, nor authorizes any agent or representative to make any variation or exception from this warranty.

Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals, and other influencing factors in the use of this product are beyond the control of Puregro Company. Buyer assumes all risk of use, storage or handling of this material not in strict accordance with directions given here-with.
