

DIRECTIONS

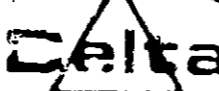

- To clean, deodorize and disinfect toilet bowls:
1. Remove water from bowl by turning over trap with applicator.
 2. Press water out of applicator.
 3. Holding bottle over bowl, apply 1 ounce (2 Tbs.) of cleaner to applicator.
 4. Clean entire bowl, especially under rim at water outlets.
 5. Flush toilet and rinse out applicator.
 6. To disinfect, pour 2 ounces (1/4 cup) of cleaner into water remaining in cleaned bowl. Swab entire bowl, seat and cover thoroughly with solution. Flush toilet well.

To clean, deodorize and disinfect urinals:

1. Holding bottle over urinal, saturate applicator with cleaner.
2. Clean urinal thoroughly, paying particular attention to groves at sides and water outlets at top.
3. Remove urinal screen and pour 2 ounces (1/4 cup) of cleaner around edge and into drain pipe.
4. Allow to stand three minutes, then swab inside of pipe thoroughly.
5. Replace screen and flush thoroughly several times.

DANGER: KEEP OUT OF REACH OF CHILDREN
May be fatal if swallowed. Produces caustic burns. Read precaution and
antidote statements on right panel.

NET CONTENT: 1 QUART

Delta Foremost Chemical Corp.

3915 AIR PARK STREET, MEMPHIS, TENNESSEE 38115

DANGER: KEEP OUT OF REACH OF CHILDREN. CONTAINS HYDROCHLORIC ACID. May be fatal if swallowed. Produces caustic burns. Read precaution and antidote statements on right panel.

ANTIDOTES: INTERNAL — Drink a tepid solution of magnesium citrate or milk. For external use, use soap softened with water to apply mucilage or raw egg white. **CALL PHYSICIAN.**

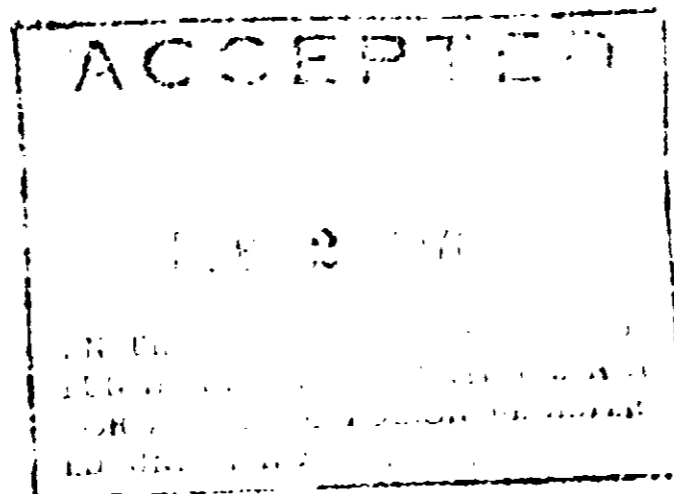

EXTERNAL — FOR SKIN: Wipe off acid gently. Immediately flood surface with water, using soap freely; then cover with moist baking soda or magnesium.

FOR EYES: Wash with water for 15 minutes. Get prompt medical attention.

Do not use on sinks, bathtubs, or any surface except bowls and urinals. Use of this material on other than vitreous ware is done at user's risk. In case of spillage, mop up with dry applicator, and immediately wash contaminated area with bicarbonate of soda solution (2 tablespoons in a quart of water).

Store Bowl Cleaner in a cool, dry place. Keep away from heat.

Parts of the body should be rinsed with bicarbonate of soda solution as above; pouring the solution on skin or urinal flushing several times. If irritation should then be noted, further attention of a doctor should be obtained.
