

SPOKES

Includes garbage rooms, boiler rooms, floor drains (toilet, sink, shower, bathtub), offices, lockers, restrooms, rooms, boiler rooms, restrooms, closets and storage (including bottling).

IMPORTANT — Spray until wet on infested surfaces.

ROACHES, WATER BUGS, CRICKETS:

SILVERFISH: Apply thoroughly to infested areas, such as cracks, crevices, along water pipes, under sinks, baseboards, areas behind shelving, and underneath book shelves. Will not stain woodwork. For effective control, repeat application as required.

FLIES, MOSQUITOES: Use outdoors only: For killing and preventing the entry of these insects indoors, spray a heavy coarse spray on the outside surfaces of doors, windows, screens, around light fixtures, on open porches, and other surfaces where these insects appear. Also may be used around garages, sheds, outhouses, and garbage cans, by spraying a heavy coarse spray on infested surfaces where the pests crawl or appear. Repeat treatment as often as needed.

SPIDERS, SCORPIONS, WASPS, CENTIPEDES: Apply a heavy spray until infested areas are wet: such as around window frames, door sills, or wherever these insects may enter the building. To effectively control these pests in non-household structures, such as garages and outhouses, spray infested surfaces over which they crawl or appear. For best residual control repeat as needed.

ANTS: Spray until wet, along the back of shelves, and the opening around the pipes, heat ducts, electrical outlets, or baseboards where they may come out into rooms from wall, floor, or partitions and apply to thoroughly effective control repeat application as often as needed.

Delta

FOREMOST

RESIDUAL
INSECTICIDE
100%

ACTIVE INGREDIENTS
Deltamethrin 0.05%
Permethrin 0.05%
Residual 99.90%
NET WEIGHT 1.00 LB.

KILLS Roaches, Waterbugs, Ants, Silverfish, Spiders, Flies, and Mosquitoes.

CAUTION — KEEP OUT OF REACH OF CHILDREN.
Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Read warning statement on the side panel.

FOOD AREAS OF FOOD HANDLING ESTAB-
ISHMENTS — Crack and Crevice Treatment Only

... receiving, storage, packing, (canning, bottling,
... preparing, edible waste storage and enclosed
... systems (mills, dairies, edible oils, syrups). Serving
... (when food is exposed and facility is in operation also would be
... considered a food area).

Apply in small amounts directly into cracks and crevices using a pressurized spray equipped with an insertion tube or the product should be capable of delivering a pencil thin stream of insecticide directly into cracks and crevices, between different elements of construction, between equipment bases and floor, wall voids, motor housing, junction boxes, or switch boxes, conduits, or hollow equipment legs where roaches, water bugs, crickets, silverfish, firebrats, spiders, centipedes, ants and brown dog ticks hide.

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

Prior to application de-energize electrical equipment. After application, allow time for oil to evaporate before starting motors or placing switches in the "ON" position.

APPLICATION OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK AND CREVICE TREATMENT ARE NOT PERMITTED.

CAUTION

KEEP OUT OF REACH OF CHILDREN. Do not allow children to contact treated surfaces until surfaces are completely dry. Do not use as a space spray. Avoid breathing of spray mist. May be harmful if swallowed or inhaled or absorbed through the skin. Do not get in eyes, on skin or on clothing. In case of contact, wash immediately with soap and water, wash hands, arms and face thoroughly with soap and warm water before eating or smoking. Wash all contaminated clothing with soap and hot water before reuse. To physician—Atropine sulfate is antidote. Keep away from heat or open flame. Remove pets and cover fish bowls before spraying.

This product is toxic to fish, birds, and other wildlife. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment, or disposal of waste. Do not apply where runoff is likely to occur. Apply this product only as specified on this label.

Do not puncture. Contents under pressure. Do not use or store near heat or open flame. Exposure to temperature above 130° F may cause rupture. Never throw container into fire or incinerator.

PRECAUTION — Do not spray into or near fire or open flame. Do not use in confined spaces. Do not reuse empty container. Wrap container thoroughly for collection.
