

SPOT APPLICATION IN NON-FOOD AREAS:

Includes garbage rooms, laboratories, floor drains (to sewer entries and vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

IMPORTANT — Spray until wet only infested surfaces.

ROACHES, WATER BUGS, CRICKETS, SILVERFISH Apply thoroughly to infested areas, such as cracks, crevices, along water pipes, under sinks, baseboards, areas behind shelving, and underneath book shelves. Will not stain woodwork. For effective control, repeat application as required.

FLIES, MOSQUITOES Use outdoors only. For killing and preventing the entry of these insects indoors, spray a heavy coarse spray on the outside surfaces of doors, windows, screens around light fixtures, on open porches and other surfaces where these insects appear. Also may be used around garages, sheds, outhouses and garbage cans, by spraying a heavy coarse spray on infested surfaces where the pests crawl or appear. Repeat treatment as often as needed.

SPIDERS, SCORPIONS, WASPS, CENTIPEDES Apply a heavy spray until infested areas are wet, such as around window frames, door sills or wherever these insects may enter the building. To effectively control these pests in non-household structures, such as garages and outhouses, spray infested surfaces over which they crawl or appear. For best residual control, repeat as needed.

ANTS Spray until wet, along the back of shelves, and the openings around the pipes, heat ducts, electrical outlets or baseboards where ants may come out into rooms from wall spaces and partitions and ant trails. To maintain effective control, repeat application as often as necessary.

4883-ES

RESID-U-CIDE

ROACH AND ANT
KILLER

KILLS:

Roaches, Waterbugs,
Ants, Silverfish,
Spiders, Flies
and Mosquitoes.

ACTIVE INGREDIENTS

1,1-Dichloro-2,2-bis(4-chlorophenyl)ethane 0.07
Dibutyltin Dichloride 0.06

INERT INGREDIENTS

Total 100.00

**ONLY FOR SALE TO, USE, AND STORAGE
FOR SERVICE PERSONS**

CAUTION: KEEP OUT OF REACH OF CHILDREN.

Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Read warning statement on the side panel.

Mr. Maschal Golden
Delta Foremost Chemical Corporation
3915 Air Park St.
Memphis, TN 38130

Dear Mr. Golden:

BEST DOCUMENT AVAILABLE

Subject: Foremost 4883-ES Resid-U-Cide
Insecticide Liquid
EPA Registration No. 1203-39
Your Application Dated November 17, 1983

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

At the next printing of your labels or within months, whichever comes first, revise your label as follows:

1. The headings "Precautionary Statements" followed by "Hazards to Humans and Domestic Animals," "Environmental Hazards," "Physical and Chemical Hazards" must appear on the label followed by the appropriate wording. Refer to 40 CFR 162.
2. After the Directions for Use statement add "It is a violation of Federal law to use this product in a manner inconsistent with its labeling."
3. Under Environmental Hazards, change "Keep out of lakes, streams and ponds" to "Do not apply directly to water."
4. A statement of practical treatment must appear on the labeling and in the following format:

If swallowed: _____
 If inhaled: _____
 If in eyes: _____
 If on skin: _____
