DO NOT USE AS A GENERAL SPRAY
DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with labeling.
Spray surfaces until wet.

INDOOR USE: ANTS, COCKROACHES, CRICKETS, SILVERFISH, SPIDERS, SCORPIONS, SAWTOOTHED BEETLES (Exposed stage), WATERBUGS: Put out all flames and pilot lights. Spray into cracks, crevices, around baseboards, and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves and in and around waste containers. Repeat as needed. Do not spray foodstuffs or house plants. For ants, spray trails and places where ants enter premises. Do not allow children to contact treated surfaces until surfaces are completely dry.

BROWN DOG TICKS: Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks, and local areas of floor. Repeat as needed. Fresh bedding should be placed in animal quarters after spraying. Do not spray animals.

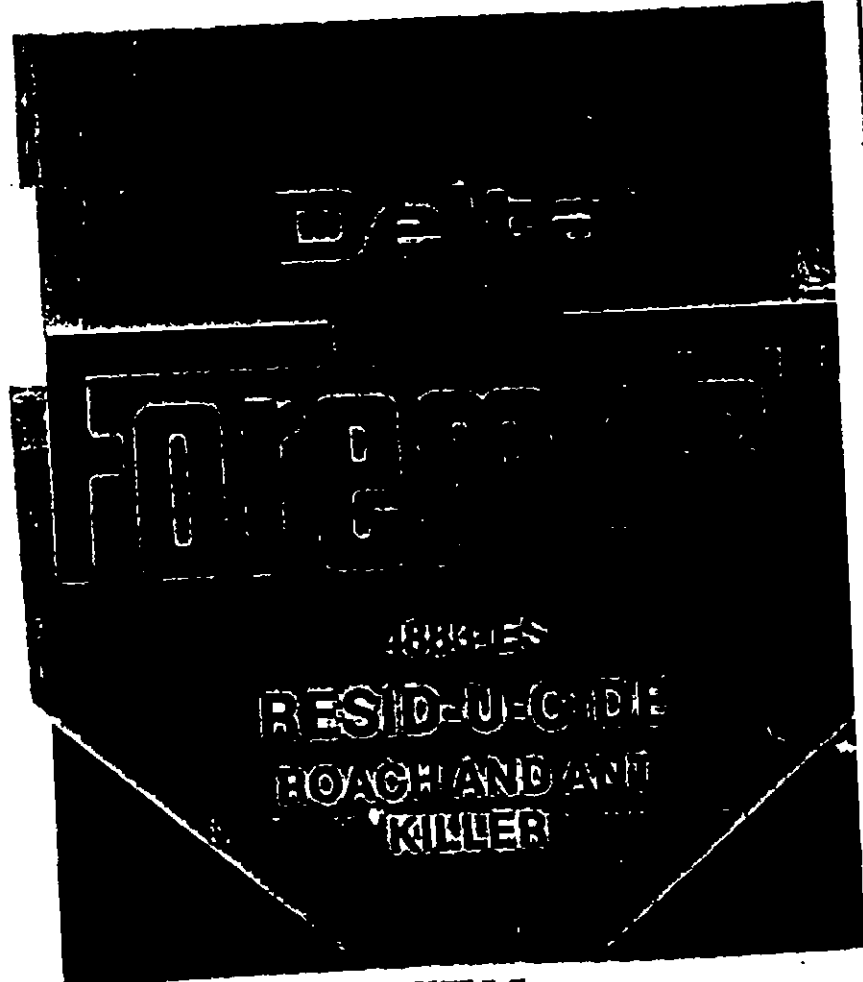

OUTDOOR USES: ANTS, CLOVER MITES, CRICKETS, EARWIGS, FLEAS, MILLIPEDES, SOWBUGS and BROWN DOG TICKS: Spray infested areas thoroughly including outside surfaces of screens, window frames, foundations, patios, or other places where insects may enter. For ANTS, spray hills and runways. Repeat as necessary. **Do not spray vegetation.**

Recommended for maintenance control of infestation in industrial plants, warehouses, around bakeries, dairies, restaurants, motels, food processing plants, etc.

SPRAY APPLICATION IN NON-FOOD AREAS

Includes... drains (to sewer and floor drains), locker rooms, garages, mop closets, or bottling).

APPLICATION WITHIN FOOD HANDLING ESTABLISHMENTS

KILLS:
