

Delta

A liquid, non-selective, persistent, general herbicide, designed for use where control of most succulent vegetation is desired.

EFFECTIVE:

The balanced blend of components assures full effect after application or stage of growth at the time of application.

FAST:

Produces rapid top kill of most succulent vegetation. Translocation and root absorption of component herbicides produce extensive root kill of weeds and provide long term residual control.

ECONOMICAL:

When used according to directions, will provide low cost, convenient and complete weed control.

READY TO USE:

Apply anytime of the year except when ground is frozen. Best results are obtained after weeds have emerged and developed. High weeds should be cut down to 3 or 4 inches for maximum penetration to root system for long time kill.

RECOMMENDED FOR:

Non-crop areas such as fence rows, parking lots, storage yards, tank farms, pipeline, industrial plants and other similar areas.

CONTAINER DISPOSAL:

Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place away from water supplies. Do not reuse empty drum. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place away from water supplies.

DIRECTIONS

Remove contents from the container and no refilling is required. For treating small areas a backpack sprayer or backpacking can may be used. For larger areas use with standard spray equipment. For annual weeds and grasses such as crab grass, foxtail, barnyard grass, lambsquarters and pigweed use 1 to 2 gallons per 1000 sq. ft. (80 to 80 gals. per acre). For Perennial weeds and grasses such as smooth brome, quackgrass, Canada bluegrass, broomsedge, aster, dandelion, goldenrod, plantain, wild carrot and purpletop use 2 to 4 gals. per 1000 sq. ft. (80 to 160 gals. per acre). For other hard-to-kill perennial weeds and grasses, such as Johnsongrass, saltgrass, Bermuda grass, horsetail, bouncing bet and bracken fern use 3 to 5 gals. per 1000 sq. ft. (120 to 200 gals. per acre).

WARNING: KEEP OUT OF REACH OF CHILDREN:

Do not use, pour, spill, or store near heat or open flame. Avoid contact with skin, eyes, and clothing. Wash thoroughly after handling. In case of contact, flush immediately with large amount of water. For eyes — get medical attention. Remove and wash contaminated clothing before reuse.

Do not apply directly to or permit this product to come in contact with desirable, woody or herbaceous plants or the areas where their roots may extend. Avoid spray drift to such plants. Coarse sprays are less likely to drift. Thoroughly clean spray equipment with a suitable chemical cleaner, such as kerosene, before using for other purposes, or do not use for other purposes. Do not store near fertilizers, seeds, insecticides, or fungicides.

This product is toxic to fish and wildlife, birds and other wildlife in treated areas may be killed. Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

NOTICE

Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied concerning this product, except that it is of the manufacturer's standard quality. Neither shall be held responsible in any manner for any personal injury, property damage or other type of loss resulting from the improper handling, storage and use of this product. The buyer accepts and uses this product on these conditions.
