

DEPEST drives insects from their hiding places, to offer rapid kill and long residual activity. Kills ants, brown dog ticks, centipedes, cockroaches, crickets, earwigs, fleas, flies, gnats, millipedes, mosquitoes, scorpions, silverfish, sow bugs and spiders.

DIRECTIONS FOR USE

Apply with a low pressure sprayer with a coarse spray nozzle. Spray surfaces until wet, avoid excessive run off. Apply to all breeding and hiding areas as well as exposed surfaces where insects crawl. Repeat application as necessary.

- Any exposed food products equipment or packaging materials must be removed or covered during treatment. All equipment should be rinsed with clear water before resuming operations.

COCKROACHES

Thoroughly treat infested area. Spray baseboards, cracks and crevices, around door frames, windows, behind and under cabinets, refrigerators, stoves, containers and other areas where cockroaches hide.

FLIES, GNATS, MOSQUITOES, CENTIPEDES (outside only)

Spray infested area thoroughly including screens, doors, window frames, patios and other areas where insects may enter.

FLEAS, BROWN DOG TICKS (outside only)

DIRECTIONS FOR USE

DEPEST

ANTS

Apply to areas where ants are present. Spray on baseboards, window sills, door frames, and other areas where ants are likely to enter. Repeat as necessary for effective control.

EARWIGS

Apply to areas where earwigs are present. Repeat as necessary for effective control.

RESTRICTIONS:

- Do not use as a space spray. Provide adequate ventilation of area being treated. Do not allow children to contact treated area until surfaces are thoroughly dry. Do not store near food products or feed. Avoid contamination of feed, food, food processing equipment and food handling surfaces. Do not apply to animals. Remove pets before spraying. Do not spray plants.

CAUTION

- May be harmful if swallowed, inhaled, or absorbed through the skin. Do not get in eyes, on skin, or on clothing. In case of contact, wash immediately with soap and warm water before eating or smoking. Wash all contaminated clothing with soap and hot water before re-use.

TO PHYSICIAN:

Antropine Sulfate is antidotal.
