

**DEPESSE** drives insects from their hiding places, to other rapid kill and long residual activity. Kills ants, brown dog ticks, centipedes, cockroaches, crickets, earwigs, flies, fleas, gnats, millipedes, mosquitoes, scorpions, silverfish, saw bugs and spiders.

**DIRECTIONS FOR USE**

Apply with a low pressure sprayer with a wet, avoid excessive run off. Apply to all breeding and hiding areas as well as exposed surfaces where insects crawl. Repeat application as necessary.

• Any exposed food products equipment or packaging materials must be removed or covered during treatment. All equipment should be rinsed with clear water before resuming operations.

**COCKROACHES**

Thoroughly treat infested area. Spray baseboards, cracks and crevices, around door frames, windows, behind and under cabinets, refrigerators, stoves, containers and other areas where cockroaches hide.

**FLIES, GNATS, MOSQUITOES, CENTIPEDES** (outside only)

Spray infested area thoroughly including screens, doors, window frames, patios and other areas where insects may enter.

**FLEAS, BROWN DOG TICKS** (outside only)
