DIRECTIONS FOR USE ~~SUGGESTED USAGE~~

Dogs—

For Ticks, Fleas and Lice: 3 tablespoonfuls
(1 1/2 ounces) to 1 gallon water.

Bathe animal with soap and water, rinse, apply
diluted solution with sponge or cloth, or dip animal.
Allow wash to dry.

WARNING: Do not apply more frequently than
once in 2 weeks.

CAUTION: Use only as directed. Never use un-
diluted. Harmful if swallowed. Repeated or pro-
longed contact with skin can cause toxic symptoms.
Wash hands thoroughly with soap and warm
water after handling. Avoid contamination of feed
and foodstuffs. Do not use or store or spill near
heat or open flame. **DO NOT USE ON CATS.**

**PLACE FRESH BEDDING IN ANIMAL
QUARTERS AFTER TREATING.**

NOTICE TO BUYER

Seller warrants that the product is fit for the purpose stated on the label, and that the product is reasonably fit for the purpose stated on the label, when used in accordance with the terms and conditions of the label. This warranty does not extend to the use of this product, contrary to the instructions on the label, or in combination with other materials or in any other manner not reasonably foreseeable to seller, and buyer assumes the risk of any injury or damage resulting from such use. Seller shall not be responsible for special, consequential, or contingent damages arising from a breach of this warranty.

**THIS PACKAGE CONTAINS THE FULL NET WEIGHT AS INDICATED.
IT WILL NOT APPEAR FULL AS CONTENTS SETTLE AFTER PACKAGING.**

DIRECTIONS FOR USE

Recommended for the control of Grubs (Japanese Beetle, Green June Beetle, European Chafer, White Grubs) Wireworms, Rootworms, Lawn Chinch Bugs and Ants (Including Imported Fire Ant) in turf of Home Lawns, Cemeteries, Golf Courses, Park Areas and Greenhouse soils where ornamental plants and flowers are grown.

For Ants, apply broadcast at the rate of 12½ lbs. per acre (approx. ½ oz per 100 sq. ft.). For other insects listed above, apply broadcast at the rate of 30 lbs. per acre (approx. 1.1 ozs. per 100 sq. ft.). Immediately after application on home lawns drench with water or sprinkle heavily. Do not allow children or pets on treated lawns until the insecticide is washed off the grass into the soil and grass is completely dry. On larger areas where sprinkling is not feasible apply before rain. Do not treat when soil, turf or lawn is wet.

For convenience in application, the desired amount of Heptachlor 10% granules may be thoroughly mixed with the desired amount of fertilizer. **CAUTION:** Do not use this material on soils to be planted to food crops.
