

sanICLEen cleans and disinfects effectively when used as directed. Its hard surface disinfecting action will reduce the hazard of cross-infection from environmental surfaces.

sanICLEen is economical to use -- highly concentrated -- and should be handled with care.

**DIRECTIONS:**

Use 1/2 oz. per gallon of water. Supplies 488 ppm active quaternary. Apply sanICLEen to walls, floors, and other hard surfaces such as tables, chairs and bed frames with a cloth or mop. For heavily soiled areas, a preliminary cleaning may be required.

At 1/2 oz. per gallon use dilution, sanICLEen is effective against Pseudomonas aeruginosa, Staphylococcus aureus, Salmonella choleraesuis and Trichophyton interdigitale, a pathogenic fungus.

**FIRST AID:**

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution; or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

Rinse empty container with water before discarding it.

sanICLEen

FOR INDUSTRIAL USE ONLY

Highly Concentrated Germicide  
 Based on a Unique Blend of Quaternaries

Cleaner-Disinfectant-Deodorizer-Fungicide  
 for Hospital and Institutional Use

AOAC Phenol Coefficients

Staphylococcus aureus (ATCC No.6538)	104
Salmonella typhosa (ATCC No. 6539)	40.6

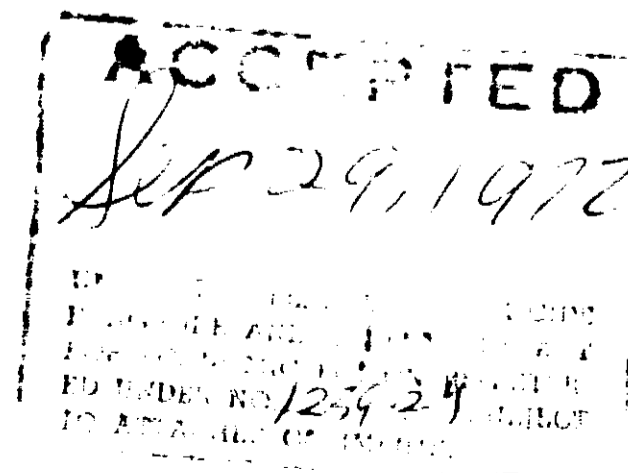

ACTIVE INGREDIENTS

	<u>% wt/wt</u>
Octyl Decyl Dimethyl Ammonium Chloride	3.750
Diocetyl Dimethyl Ammonium Chloride	1.875
Didecyl Dimethyl Ammonium Chloride	1.875
Alkyl (C14 50%, C12 40%, C16 10%) Benzyl Dimethyl Ammonium Chloride	3.000
Tetrasodium Ethylenediamine Tetraacetate	3.420
Isopropanol	3.000
Ethanol	1.000
<u>INERT INGREDIENTS</u>	<u>80.080</u>
	100.000

EPA Registration No. 1239-29

Net Contents: One Gallon

DANGER: KEEP OUT OF REACH OF CHILDREN. Corrosive. Causes severe eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.
