

**PRECAUTIONARY STATEMENTS**  
**Hazards to Humans and Domestic Animals**  
**WARNING**

Harmful or fatal if swallowed.  
 Use with adequate ventilation.  
 Avoid breathing of vapor.  
 Avoid skin contact.

Wear safety glasses and resistant clothing.

**ENVIRONMENTAL HAZARDS**

Do not apply this product to areas where the roots of desirable plants such as trees and ornamentals result. Do not use in lawns, driveways, walks or similar areas. Avoid spray drift to susceptible plants as this product may injure cotton, beans, peas, etc. Do not contaminate ground water or irrigation water and keep from contact with fertilizers. Use in dense turf, trees and shrubs. Sprays from this product may injure susceptible plants in the immediate vicinity. Close sprays are less likely to drift.

This product is toxic to fish and wildlife. Do not apply directly to water. Birds and other wildlife in treated areas may be killed. Apply only as specified in the label.

Do not contaminate water by cleaning of equipment or disposal of wastes.

Thoroughly clean spray equipment with hot soapy water. Rinse before use with hot water.

**PHYSICAL OR CHEMICAL HAZARDS**

Keep away from heat and open flame.  
 Keep container closed.

**DIRECTIONS FOR USE**

Read and follow all Federal and State laws and regulations. Use this product in a manner consistent with its labeling.

**STORAGE AND DISPOSAL**

**STORAGE:** Do not use, pour, spill or store near heat or open flame.

**CONTAINER DISPOSAL:** This container is not to be reused. Then offer for recycling, or incineration or puncture and dispose of in a sanitary and approved manner by other approved state and local procedures.

**PESTICIDE DISPOSAL:** Pesticide spray mixture or residue water that cannot be used according to label instructions must be disposed of according to Federal or approved state and local procedures under the Clean Air Act, the Resource Conservation and Recovery Act.

**WEED-EM OUT**

**#11**

**10-1 CONCENTRATE**  
**VEGETATION KILLER**

For non-selective weed control on non crop land areas such as Parking Lots, Fence Rows, Railroad Sidings, Drainage Ditch Banks, Storage Yards, around Buildings or Industrial Sites.

**ACTIVE INGREDIENTS**

**KEEP OUT OF REACH OF CHILDREN**  
**WARNING**

**FOR INDUSTRIAL, INSTITUTIONAL AND**  
**COMMERCIAL USE ONLY**

Contains Petroleum Distillates. If swallowed, drink a large amount of milk or water. Do not induce vomiting because of aspiration hazard. Call a physician immediately. If on skin, immediately flush with large amount of flowing water. If inhaled, move to location with plenty of fresh air. If in eyes, flush with large amount of flowing water. See physician. See left panel for additional information.

MANUFACTURED BY  
**HADCO CHEMICAL CORP.**  
 WHEELING, ILLINOIS 60090

EPA REG. NO. 125124  
 EPA EST. NO. 125124

**DIRECTIONS FOR USE**

Uniformly spray one gallon of this product mixed in ten gallons of water over 1,000 sq. ft. of soil surface. Thoroughly wet all foliage to insure contact action. Best results are obtained when applications are made during or after weed emergence while growth is succulent. Where vegetation is tall and dense, use 1 1/2 gallons of this product in ten gallons of water per 1,000 sq. ft. For control of hard to kill perennial weeds and grasses such as Johnsongrass, bindweed, and wild carrot, use 3 1/2 gallons per 1,000 sq. ft. Although this product has considerable activity through foliar contact, much of its activity is through the roots and therefore, adequate rainfall to move the chemical into the root zone is necessary.

Under conditions where the rainfall is high and the growing season long, a second application may be necessary to maintain a weed free soil surface.

Care must be taken to keep this herbicide away from desirable flower beds, lawns and shrubs. Do not apply over roots of valuable trees or woody ornamental plants. Only apply herbicide outside the drip line of trees. Avoid spray drift to desirable plants.

Users should consult experiment station or extension service weed specialists for recommendations as to use of Vegetation Killer in their particular area.

**NOTICE OF WARRANTY**

Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Seller assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
