

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION**

Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. In case of contact, immediately flush eyes or skin with plenty of water. Obtain medical attention if irritation persists. If swallowed, do not induce vomiting. Call a physician immediately. Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is under way. After space spraying in bakeries, and other food processing plants, wash all equipment with potable water, benches shelving, etc., where exposed food will be handled. All food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove pets and birds, and cover fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Do not induce vomiting because of possible aspiration hazard. Call a physician.

If On Skin: Wash with soap and warm water.

If In Eyes: Flush eyes with plenty of water. Get medical attention if irritation persists.

Note To Physician: Contains petroleum distillate. If gastric lavage is deemed necessary, undertake only after proper placement of a cuffed endotracheal tube.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. DO NOT APPLY DIRECTLY TO WATER. Do not contaminate water supplies by cleaning of equipment or disposal of wastes.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

Pesticide Disposal: Pesticide, spray mixture or rinse water that cannot be used according to label directions must be disposed of according to applicable Federal, state or local procedures.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other approved state and local procedures.

**LIQUI-CIDE
60
Ready-To-Use
Oil Based Insecticide**

This product is an effective, fast-acting insecticide for the control of listed injurious and annoying insects found in homes, institutions and buildings. It can be used around food, food products and utensils but should not be applied directly to food or foodstuffs. This product is highly useful for insect control in residences, institutions, public buildings, hospitals, hotels, clubs, restaurants, stores, markets, theaters and other situations where an insecticide with a reasonable degree of effectiveness is required.

Active Ingredients

Pyrethrins	0.5%
*Piperonyl Butoxide, Technical	5.0%
Petroleum Distillate	94.5%
	100%

*Equivalent to 4.0% (butylcarbityl) (6-propylpiperonyl) ether and to 1.0% related compounds

**KEEP OUT OF REACH OF CHILDREN.
CAUTION**

See side panel for additional precautionary statements.

EPA Reg. No. 1251-

EPA Est. No. 1251-IL-1

Manufactured by:
**HADCO CHEMICAL CORP.
WHEELING, ILLINOIS 60090**

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is not USDA approved for use in edible product areas of official establishments operating under the meat, poultry, shell egg grading and egg products inspection programs and in other food processing plants.

The use of this product in food processing establishments should be confined to time periods when the plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Stored food products which are infested should be fumigated or treated by other effective methods using an approved product intended for that purpose.

Space Spray: For control of accessible, exposed stages of flies, including fruit flies, mosquitoes, small flying moths, gnats, wasps, hornets, cheese skippers, and these common stored product pests: granary weevils, rice weevils, confused flour beetles, saw-toothed grain beetles, spider beetles, cigarette beetles, Drugstore beetles, Angoumois grain moths, Mediterranean flour moths, Indian meal moths, Tobacco moths, meal worms, and grain mites: Close windows and doors and shut off ventilating systems. Use a fogger or vaporizer adjusted to deliver an aerosol spray (no droplets over 50 microns in diameter and 80% less than 30 microns). Apply at the rate of 1 ounce per 1000 cubic feet of space. Direct the spray toward the ceiling and upper corners of the area and behind obstructions. For best control of wasps and hornets, apply directly to nests in the evening when the insects have returned to the nests. Keep the area closed for at least 15 minutes. Vacate the treated area and ventilate before reoccupying. Repeat treatment as necessary.

Space and Contact Spray: For control of accessible, exposed stages of silverfish, crickets, roaches, spiders, scorpions, clover mites, cheese mites, earwigs, and ants, first using equipment which can deliver a pin spray, direct spray into all cracks and crevices in woodwork, walls, floors, underneath sinks, behind pipes and in all places where these insects are known to seek shelter. Contact as many insects as possible, spray directly all ant trails. Do not allow spray to contact stored food. Then, shutting all doors, windows and shutting off all ventilating systems proceed with space spraying directions as given above. Use dosage rate of 1 ounce per 1000 cubic feet of space. Keep the area closed for at least 15 minutes. Vacate the treated area and ventilate before reoccupying. Repeat treatment as necessary.

In mushroom production and processing: To control mushroom flies or fungus gnats in growing houses, apply at a rate of 1 ounce per 1000 cubic feet of space. Fogger should be operated 8 to 10 feet away from beds and directed slightly toward over them. Circulating fans should be left in operation, but for best results, refrigeration should be turned off. In packing and canning plants, use at a rate of 1 ounce to 2000 cubic feet of space.

Apply with Equipment Designed and Adjusted to Deliver a True Aerosol Mist.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (MH-567) WASHINGTON, D.C. 20460		EPA REGISTRATION NO. DATE OF ISSUANCE DEC 23 1982
NOTICE OF PESTICIDE: <input type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)		TERM OF ISSUANCE NAME OF PESTICIDE PRODUCT
NAME AND ADDRESS OF REGISTRANT (Include ZIP code) <div style="text-align: center;"> </div> <div style="float: right; text-align: right; font-size: 1.5em; font-weight: bold;"> 161/85569 18/1 </div>		
NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.		
On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.		
A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.		
Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.		
This product is registered in accordance with the provisions of the FIFRA Act, 3(c)(7)(A) provided that you:		
1. maintain the product under the registration/reregistration of your product under FIFRA Act, 3(c)(7)(A) and the Agency requires all such products to be labeled in accordance with the Act.		
2. The label for this product must be labeled with the following information:		
a. "EPA Reg. No. 161-85569-18"		
b. "In accordance with the product name change '161-85569-18' to '161-85569-18' and '161-85569-18' to '161-85569-18'."		
c. "This product is not to be used for the purpose of controlling insects, fungi, or weeds on or in food processing plants." This product is not to be used for the purpose of controlling insects, fungi, or weeds on or in food processing plants.
