**A.R.S. RESIDUAL**

**OIL-BASED INSECTICIDE**

<b>ACTIVE INGREDIENTS:</b>	
Pyrethrins	0.052%
Piperonyl Butoxide, Technical	0.200%
Chlorpyrifos [0, 0-diethyl 0-(3, 5, 6-trichloro-2-pyridyl) phosphorothioate]	0.500%
Petroleum Distillate	98.736%
<b>INERT INGREDIENTS:</b>	0.452%
	100.000%

\*Equivalent to 0.208% (butylcarbityl) (8-propyl-piperonyl) ether and 0.052% related compounds  
\*\*U.S. Patent No. 3,244,586

DURSBAN-Trademark of The Dow Chemical Company

**KEEP OUT OF REACH OF CHILDREN.  
CAUTION**

Harmful if swallowed.  
**NOTE TO PHYSICIAN:** Contains petroleum distillate. If gastric lavage is deemed necessary, undertake only after proper placement of a cuffed endotracheal tube. Active ingredients contain a cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote.  
See side panel for additional precautionary statements.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK AND CREVICE TREATMENT ARE NOT PERMITTED.**

**SERVING AREAS:** Facilities where foods are served such as dining rooms, but excluding areas where foods may be prepared or held, apply as a spot treatment to selective surfaces, such as baseboards, under elements or construction and into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed.)

**DIRECTIONS FOR HOUSEHOLD AND OUTDOOR USE IN NON-FOOD AREAS:** Including garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling). Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter. Repeat treatment as required.

**Brown Dog Ticks:** Apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these insects may be present. Fresh bedding should be placed in animal quarters following treatment. Do not spray pets with this product.

**Flies and Mosquitoes:** Use only on outdoor surfaces. Spray outside surfaces. Spray outside surfaces of windows and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions and in garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

**DIRECTIONS FOR FOOD HANDLING ESTABLISHMENTS** (Places other than private residences in which exposed food is held, processed, prepared or served.)

**FOOD AREAS-APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY:** Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups) and serving areas (when food is exposed and facility is in operation).

To control cockroaches, ants, earwigs, waterbugs, silverfish, spiders, and crickets, apply in small amounts directly into cracks and crevices using equipment capable of delivering a pin stream of insecticide, in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, in conduits, motor housings, junction or switch boxes. Prior to application de-energize electrical equipment. After application allow time for oil to evaporate before starting motors or placing switches in "ON" position. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS & DOMESTIC ANIMALS  
CAUTION**

Harmful if swallowed. The use of this product in food processing plants should be confined to time periods when the plant is not in operation. Food should be removed or covered before treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Remove any birds, pets or fish aquarium before spraying. Vacate premises after treatment and ventilate before re-occupying.

**ENVIRONMENTAL CAUTIONS**

This product is toxic to fish. Keep out of lakes, streams, and ponds. Do not contaminate water supplies by cleaning of equipment or disposal of wastes.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE DISPOSAL:** Pesticide, spray mixture or rinsate that cannot be used according to label instructions must be disposed of according to Federal, State or local procedures under the Resource Conservation and Recovery Act.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent) and offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by other approved State and local procedures.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

This Insecticide Provides Flushing Action and Fast Knockdown

Controls Cockroaches, Ants, Silverfish, Spiders, Crickets, Earwigs and Brown Dog Ticks

Use in and Around Homes, Apartments, Garages, Similar Residential Structures, Institutions, Restaurants and Food Processing Plants

Use Outdoors As An Aid in Reducing Annoyance from Flies and Mosquitoes Entering the Home

<b>U.S. ENVIRONMENTAL PROTECTION AGENCY</b> <b>OFFICE OF PESTICIDES PROGRAMS</b> <b>REGISTRATION DIVISION (700-547)</b> WASHINGTON, D.C. 20580	EPA REGISTRATION NO.	DATE OF ISSUANCE 12/1/80
	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT	
<b>NOTICE OF PESTICIDE:</b> <input checked="" type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)		
NAME AND ADDRESS OF REGISTRANT (Include ZIP code)  Bader Industrial Corporation 415 Baycenter Court Woodstock, IL 60090		
<b>NOTE:</b> Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.		
On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.		
A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.		
Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.		
This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:		
1. Submit and/or use all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrations of similar products to submit such data.		
2. Make the labeling changes listed below before you release the product for shipment:		
a. Add the phrase "EPA Registration No. 1234-56."		
b. Revise your "Directions to Users & Domestic Users" paragraph to read as follows:		
Handle as directed. Avoid contact with eyes, skin or clothing. Do not breathe spray mist. Wash thoroughly after handling. Avoid contamination of food, feed or domestic water supplies. Use of this product is for agricultural plants should be confined to the area where the plant is in operation. Do not allow to be blown or covered by wind machines.

spraying. Do not allow children or pets to contact treated area until spray has dried.

- c. Your "Note to Physician" paragraph should be placed in your "Hazards to Humans & Domestic Animals" section.
- d. Add a "Statement of Practical Treatment" to your label. This paragraph should be placed in your "Hazards to Humans & Domestic Animals" section and read as follows:

**Statement of Practical Treatment**

If Swallowed \_\_\_\_\_  
If on Skin \_\_\_\_\_  
In in Eyes \_\_\_\_\_

- e. Revise your "Storage and Disposal" directions to read as follows:

**Storage and Disposal**

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

**Pesticide Disposal:** Pesticide, spray mixture or rinse water that cannot be used according to label directions must be disposed of according to applicable Federal, state or local procedures.

**Container Disposal:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other approved state and local procedures.

Your disposal directions for a homeowner product should read as follows:

**Disposal:** Do not reuse empty container. Wrap container and put in trash collection.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
