

Because of the difficulties of removing 2,4-D and 2,4,5-T from sprayers, do not use the same spray equipment for applying other materials to plants as injury will result. Use a separate sprayer for this purpose.

### DIRECTIONS FOR USE

LV ESTER T4 BRUSH KILLER is recommended for the control of woody and herbaceous plants growing along right-of-ways, in highways, railroad, power, pipe, phone lines, and similar locations. It is desirable to repress plant growth. This material is effective against many woody and bushy species, several are listed below.

ALDER	JUNEL
ASH	LOCUST
BLACKBERRY	MESQUITE
CHERRY	OAK
CURRANT	OSAGE OLE
DEWBERRY	POISON IVY
ELM	POPLAR
GOOSEBERRY	SASSAFRAS
GRAPE	SKUNK BRUSH
HAWTHORN	SUMAC
HICKORY	SYCAMORE
JEYSUCKLE	WILLOW

**For FOLIAGE TREATMENT:** — For use on woody growth up to 5 or 6 feet tall, use 2 to 3 quart of this material in 100 gallons of water to which 2 quarts of diesel oil or kerosene has been added. For best results apply in spring after maximum foliage development but while plants are still in the actively growing stage. Spray all plant parts, including foliage, stems and bark until they are completely wet. Application may have to be repeated if new growth appears.

(Continued on right panel)

# LV ESTER T4 BRUSH KILLER

LOW VOLATILE

### ACTIVE INGREDIENT:

2-ethylhexyl ester of  
2,4,5-Trichlorophenoxyacetic Acid **65.3%**  
(Equivalent to 2,4,5-Trichlorophenoxyacetic Acid 45.4%)

### INERT INGREDIENTS:

Total **34.7%**  
**100.0%**

Contains the Equivalent of 4 lbs. of 2,4,5-Trichlorophenoxyacetic Acid per gallon at 68° F.

## CAUTION

KEEP OUT OF REACH OF CHILDREN

HARMFUL IF SWALLOWED. MAY CAUSE SKIN IRRITATION. Avoid contact with eyes, skin and clothing. Do not take internally. Do not contaminate food or food-stuffs.

Avoid spray drift to susceptible plants as this product may injure cotton, beans, peas, corn, lentils, etc. (Course sprays are less likely to drift.)

Do not contaminate domestic or irrigation water supplies.

Vapors from this product may injure susceptible plants in the immediate vicinity. Do not apply in any manner not specified on the label.

**DO NOT STORE NEAR FERTILIZERS, SEEDS, INSECTICIDES, FUNGICIDES OR PLANTS**

A mixture of 1 gallon of this product in 25 gallons of diesel oil or kerosene. Spray in a manner to thoroughly wet the cut surfaces and exposed bark.

**BASAL BARK TREATMENT** is recommended for tall brush and small trees. Spray stems and trunks so the area from the ground up to a height of 1 or 2 feet is completely wet with spray. Use 4 gallons of LV ESTER T4 and enough kerosene or fuel oil to make 100 gallons of spray (1 pint in 3 gallons). Knapsack or power equipment may be used at low pressures. Apply any time during the year.

For **STUMP TREATMENT** use 4 gallons of this material and enough kerosene or fuel oil to make 100 gallons of spray (1 pint in 3 gallons). For best results apply to cut surface and bark of fresh-cut stumps until the surface is thoroughly wet. Apply at any time of the year with knapsack or power equipment.

For **MESQUITE CONTROL** use a mixture of 1 gallon of this product, 5 gallons of diesel oil and 18 gallons of water, applied at the rate of 4 gallons per acre. Applications should be made in the spring when plants have reached the first heavy foliage stage of growth.

**CAUTION:** Do not apply by airplane in the vicinity of crops such as cotton that are susceptible to 2,4,5-T.

### NOTICE TO BUYER

Seller makes no warranty, express or implied, by operation of law or otherwise, except that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use. This warranty shall not extend to the use of this product contrary to label instructions, or under abnormal conditions, or in combination with other materials, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any injury or damage resulting from such use. Seller shall not be responsible for special consequential or contingent damage arising from a breach of this warranty.
