WARNING: (18 pt caps) Do not inhale spray mist. Do not get on skin or in the eyes. May cause skin irritation. Wash thoroughly all exposed skin. In case of eye contact, flush with plenty of water. Repeated contact may be harmful. Wash thoroughly all contaminated clothing before reuse. Do not take internally. Do not store near heat or open flame. Use adequate ventilation. Keep container closed. Do not contaminate feed or food stuffs.

KEEP OUT OF THE REACH OF CHILDREN. (12 Pt. caps)

EMULSIFIABLE Soil Fungicide
Terraclor, P.P. Terrazole*
Controls Rhizoctonia, Pythium and Fusarium. Soil-borne seedling diseases of cotton.

ACTIVE INGREDIENTS	
Pentachloronitrobenzene	23.0%
5-Ethoxy-3-trichloromethyl-1,2,4-thiadiazole	6.1%
INERT INGREDIENTS	70.9%
TOTAL 100.0%	

Contains 2 lbs. of Pentachloronitrobenzene and 0.5 lb. of 5-Ethoxy-3-trichloromethyl-1,2,4-thiadiazole per U.S. gallon at 68° F.
Terrazole, * Terraclor, * Terraclor Super X and Olin are OLIN trademarks.
*Patent applied for.

USDA Reg. No. 1258-740

DIRECTIONS FOR USE ON COTTON (Seedling Disease Complex—Rhizoctonia, Pythium, and Fusarium): For soil in-furrow spray applications at planting time, use 2-3 qts. per acre mixed with 5-15 gallons of water. Spray all the soil that surrounds and covers the seed. Two nozzles work best; center the front nozzle over the open furrow to spray soil around the seed and the rear nozzle to spray covering soil as it fills the furrow.

COTTON SEED TREATMENT: Spray and mix 100% of this formulation onto 100 lbs. of chemically (acid) delinted seed, or 20 oz. onto saw delinted seed or 24 oz. onto reginned (fuzzy) seed. Soil applications are required for later stages of pre-emergent and post-emergent damping-off. Treated seed should be labeled "Treated seed—do not use for food, feed or oil purposes."

NOTICE TO BUYERS: No warranty of any kind, express or implied, is made concerning the use of this product. User assumes all risk and liability resulting from handling, use or application.
