DIRECTIONS FOR USE

is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not store above 100°F (38°C). Store in a dry place. Keep container tightly closed when not in use. Do not store with strong oxidizing agents or strong (concentrated) acids. Do not contaminate water, food, or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Do not reuse empty container. Triple rinse with water and 1) if container is metal offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities; 2) if container is plastic offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. Do not burn, stay out of smoke.

FOR THE DRY FILM PRESERVATION OF AQUEOUS LATEX; OTHER WATER BASED, OIL, SOLVENT, AND CARRIER-FREE (i.e. POWDER) SEED ARCHITECTURAL AND INDUSTRIAL (NON-FOOD CONTACT) FINISHES AND COATINGS.

Application of up to 5000 ppm of this product can inhibit the growth of bacterial slime, mildew, and other fungi. It can be added at any time during the formulation procedure. For example, the dry film of a house paint having a density of 10 lbs. per gallon can be protected against the growth of bacterial slime, mildew, and other fungi by the addition of 10 ppm of this product (5 lbs. of this product into 100 gallons of paint).

FOR THE DRY FILM PRESERVATION OF NATURAL AND SYNTHETIC ADHESIVES, (NON-FOOD CONTACT) CAULKS, PATCHING COMPOUNDS, SEALANTS AND GROUTS.

Application of up to 2200 ppm of this product can inhibit microbial growth (bacteria and fungi) in the dry film of these products. This product can be added at any time during the formulation procedure.

For example, sheet vinyl adhesives used in the installation of vinyl flooring can be preserved by the addition of 1000 ppm of this product (1 lbs. per 1000 lbs. of adhesive)

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

DANGER: Corrosive, causes eye damage and skin irritation. Do not get in eyes, on skin, or on clothing. Wear goggles or faceshield and rubber gloves when handling. May be fatal if swallowed or inhaled. Do not take internally or breathe dust.

FIRST AID**(STATEMENT OF PRACTICAL TREATMENT)**

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. If irritation develops, call a physician. If swallowed, drink plenty of water. Call a physician immediately. If inhaled, remove to fresh air. Call a physician immediately. Remove and wash contaminated clothing before reuse.

CHEMICAL HAZARDS

Handling conditions may form dust clouds which are susceptible to ignition by electrical (static) discharge. Ground container and personnel before transferring material.

Do not store with or mix with strong oxidizing agents or strong (concentrated) acids. In case of contamination, do not reseal container. If possible, isolate container in open air or ventilated area. Fumes caused by contamination may be hazardous.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES Permit. For guidance contact the regional office of EPA.
