

Sodium Dichloroisocyanurate

Active Ingredient:
Sodium Dichloro-s-Triazinetrione—98%
(Sodium Dichloroisocyanurate)
Inert Ingredients—2%
(Contains 62% Available Chlorine)

NET WT. 275 LBS. (124.8 kg)

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER!

Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES Permit. For guidance contact the Regional Office of the EPA.

KEEP OUT OF REACH OF CHILDREN DANGER!

PRACTICAL TREATMENT: (FIRST AID): If swallowed: Drink large quantities of water. Do not induce vomiting. Call a physician immediately.

If On Skin: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention.

If In Eyes: Flush with cold water for at least 15 minutes. Call a physician immediately.

If Inhaled: Remove persons to fresh air. Call a physician immediately.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This product is to be used only for repackaging or formulation as a disinfectant, sanitizer, fungicide, bactericide, and algicide. Repackagers or reformulators must obtain their own registrations to legally market their product for these uses.

CHEMICAL HAZARDS

Danger: Strong oxidizing agent. Use only with dry materials. Contamination with moisture, oil, organic material or other chemicals (including acid, alkali, oil, or dry chemicals) may start a chemical reaction with generation of heat or liberation of hazardous gases and cause a generation of fire or explosion. Avoid any contact with flammable or burning materials such as oil, grease, or other combustibles. Do not use in confined spaces or with liberators of heat or other hazardous gases. Do not use in or near any operating device which has been used with any flammable or unbalanced oxidizing compounds (e.g., sodium perchlorate). Such use may cause fire or explosion.

STORAGE AND DISPOSAL: Keep product dry in tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat and open flame. Do not contaminate water, food or feed by storage or disposal. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or residue is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Do not reuse empty container. Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. Dispose of drum in the same manner. **EMERGENCY HANDLING:** In case of contamination or decomposition of product, do not reuse container. If possible, isolate container in open and well-ventilated area. Flood with large volumes of water. Dispose of contaminated material in an approved landfill area.

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
