CALCIUM HYPOCHLORITE GRANULAR DRY CHLORINE

For Repackaging and formulating as a bactericide or algicide.

Active Ingredient-Calcium Hypochlorite*65%
Inert Ingredients35%
*AVAILABLE CHLORINE65%

DANGER: KEEP OUT OF REACH OF CHILDREN

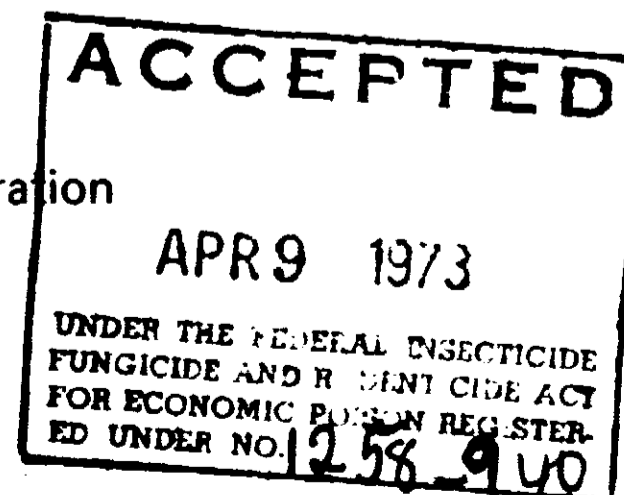

MAY PRODUCE SEVERE CHEMICAL BURNS. DO NOT ALLOW CONTACT WITH EYES, SKIN, MUCOUS MEMBRANES, OR CLOTHING. FATAL OR HARMFUL IF SWALLOWED.

STRONG OXIDIZER. CONTACT WITH OTHER MATERIAL MAY CAUSE FIRE OR EXPLOSION.

General Directions in Formulating

Calcium Hypochlorite Granular may be thoroughly mixed with sodium chloride to obtain a formulated product. Before the new product can be lawfully distributed in interstate commerce, registration by the Environmental Protection Agency is required.

Olin Chemical
Hypochlorite Products . Olin Corporation
120 Long Ridge Road
Stamford, Connecticut 06904

Keep from contact with clothing and other combustible materials. Do not store near combustible materials. Store in tightly closed container. Remove and wash contaminated clothing promptly.

1. While Calcium Hypochlorite Granular by itself is not a combustible material, it must not be mixed or contaminated with any foreign material such as, household products, soap products, paint products, solvents, acids, pool chemicals, vinegar, beverages, oil, pine oil, dirty rags, etc. Contamination or mixing with these types of chemicals and products may result in fire and the fire can be of great intensity.

2. Prevent any burning material such as a lighted cigarette from falling into any containers of Calcium Hypochlorite Granular.

3. If fire occurs, drench with water and cool the surrounding drums and area with water.

4. Use only a clean, dry, metal cup to measure Calcium Hypochlorite Granular. Any contamination of foreign matter on the cup may result in fire. Also, always use a clean, dry container to carry the Calcium Hypochlorite Granular from this drum to the pool.

5. Keep in a cool, dry, clean place in the original container. Always replace cover. Do not store in any other container.

6. Handle container with care. Do not drop, roll or skid. Keep upright.

7. Dispose of spilled Calcium Hypochlorite Granular by flushing with large amounts of water.

8. Do not reuse empty container. Wash empty container thoroughly with water. Discard clean empty container in a safe place.

ANTIDOTE: EXTERNAL - Flood skin or eyes with plenty of water for 15 minutes. If irritation to skin persists, get medical attention. For eyes - CALL PHYSICIAN IMMEDIATELY. INTERNAL - Drink milk, gelatin solution or egg whites. Follow with milk of magnesia, or vegetable oil. CALL PHYSICIAN IMMEDIATELY.
