Mr. Nicholas J. Barone
Olin Corporation
350 Knotter Drive
Cheshire, CT 06410

Dear Mr. Barone:

Subject: Pace 14 Day Supertab Concentrated Pool Chlorinator
EPA Registration No. 1258-995
Your Application Dated October 10, 1990

This is in response to your application to revise the directions for use vinyl lined, above ground pools to the labeling for this product.

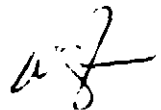

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the following comment.

- The First Aid: (Practical Treatment) section should be relocated to the front panel.

A stamped copy is enclosed for your records. Submit five copies of the final printed label.

If you have any questions about these comments, please call Marianne Clark at (703) 557-3964.

Sincerely yours,

Walter C. Francis
Product Manager (32)
Antimicrobial Program Branch
Registration Division (H7505C)

- . FOR USE IN SKIMMER ONLY
- . CONVENIENT
- . EXTENDED PROTECTION
- . LONG LASTING
- . CONSISTENT FEED RATE
- . USES ADVANCED TECHNOLOGY
- . PATENT PENDING

(stbfrnt)

One PACE 14 DAY SUPER TAB CONCENTRATED POOL CHLORINATOR will provide an effective chlorine residual of 1-3 parts per million (ppm) in 20,000 gallons of water for up to 2 weeks under normal use conditions. The wrapped tablet means you never have to touch the chlorinating chemical.

USE ONLY IN SKIMMERS

Directions For Use:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

1. Adjust pH to the ideal range of 7.2 - 7.6.
2. Bring chlorine residual to 1-3 ppm using PACE SUPER CHLORINATOR AND SHOCK TREATMENT. Follow label instructions.
3. Stabilize the pool with cyanuric acid (e.g. PACE STABILIZER AND CONDITIONER). Follow label instructions.
4. Ensure that the skimmer basket is free of any other chemicals, tablets, or residue prior to use. This product is not recommended for use in vinyl lined, above ground pools without an automatic timer on the pool pump. Pump should run a minimum of 8 hours per day, otherwise, vinyl liner damage may occur. Place this product in skimmer basket. If chlorine residual goes above 3 ppm, reduce skimmer flow rate or daily pump operation time. If chlorine residual goes below 1 ppm, increase skimmer flow rate or daily pump operation time. Shock treat weekly or every other week with PACE SUPER CHLORINATOR AND SHOCK TREATMENT following label directions. Do not enter pool until pool Free Available Chlorine (FAC) drops to 3 ppm or below. When the plastic sleeve is empty, remove it from the pool skimmer, and replace with a new PACE 14 DAY SUPER TAB CONCENTRATED POOL CHLORINATOR.
5. Do not add other chemicals to the skimmer while this product is in the skimmer. DO NOT MIX POOL CHEMICALS.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Avoid breathing dust and fumes. Do not handle chlorinating chemical without wearing rubber gloves and goggles.

FIRST AID: (PRACTICAL TREATMENT)

If Swallowed: Drink large quantities of water. Do not induce vomiting. Call a physician immediately. **If on Skin:** Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention. **If in Eyes:** Flush with cold water for at least 15 minutes. Call a physician immediately. **If Inhaled:** Remove person to fresh air. Call a physician immediately.

CHEMICAL HAZARDS: DANGER: Strong oxidizing agent. Contamination with any other foreign matter, including other pool chemicals, may start a chemical reaction with generation of heat, liberation of hazardous gases and possible generation of fire and explosion. Avoid any contact with flaming or burning material.

STORAGE AND DISPOSAL: Keep product dry in tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. Do not reuse empty container. Rinse empty container thoroughly with water to dissolve all material before discarding. Securely wrap container in several layers of newspaper and discard in trash.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not contaminate lakes, ponds or streams.

EMERGENCY HANDLING: In case of contamination or decomposition, do not reseal container. If possible, isolate container in open and well ventilated area. Flood with large volumes of water. Dispose of contaminated material in an approved landfill area.
