

SEED TREATMENT PURPOSE

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

55
GALLONS

2000

the 1990s, the number of people in the world who are under 15 years of age is expected to increase from 1.1 billion to 1.5 billion. The number of people aged 65 and over is expected to increase from 200 million to 400 million. The number of people aged 15 and over is expected to increase from 3.5 billion to 4.5 billion. The number of people aged 15 and over is expected to increase from 3.5 billion to 4.5 billion. The number of people aged 15 and over is expected to increase from 3.5 billion to 4.5 billion.

First Aid Procedures

[illegible]

the 1990s, the number of people in the world who are under 15 years of age is expected to increase by 1.2 billion, from 1.1 billion in 1990 to 2.3 billion in 2010. The number of people aged 65 and over is expected to increase by 1.1 billion, from 0.4 billion in 1990 to 1.5 billion in 2010. The number of people aged 15-64 is expected to increase by 1.1 billion, from 1.1 billion in 1990 to 2.2 billion in 2010. The number of people aged 65 and over is expected to increase by 1.1 billion, from 0.4 billion in 1990 to 1.5 billion in 2010. The number of people aged 15-64 is expected to increase by 1.1 billion, from 1.1 billion in 1990 to 2.2 billion in 2010.

Container Disposed

• The defendant used this product in a manner inconsistent with the label.

For control of seedling diseases, using suitable fungicides such as Captan, Dithane, or Mist-O-Matic, and spraying at intervals of 7 to 10 days. Seeds should be sown well and seedlings should be transplanted. Use only the recommended rates.

[illegible]

For seedlings, feed twice weekly. Terra-Flo 26 indicated directly from the label to the seedling. If desired, add 1/4 part water to five parts Terra-Flo 26 to make a dilute solution. Remember that the recommended rates will still be applied. This dilute solution may be used for the material. Keep container tight and store in a cool, dry place. Use for treating seed for food, feed or oil.

important. Federal law requires that treated seed be dyed to impart an unnatural color and that bags containing treated seed shall be labeled with the following information:

This seed has been treated with Permethrin/Pyrethrin and 5-Ethoxy-3-(4-chlorophenyl)-2,4,6-triazole. **WARNING: DO NOT USE FOR FEED. FOOD OR OIL PURPOSES. STORE AWAY FROM FEEDS AND EXPOSURE.**
