hth
DRY CHLORINATOR

**SHOCK TREATMENT
and SUPER CHLORINATOR
FOR SWIMMING POOLS**

**Controls Algae,
Kills Bacteria and
Destroys Organic
Contaminants**

ACTIVE INGREDIENT:
Calcium Hypochlorite* 65%
INERT INGREDIENTS 35%
*AVAILABLE CHLORINE 65%

EPA REG. NO. 1258
EPA EST. 1258-TN-1

DANGER!

**KEEP OUT OF REACH OF CHILDREN
CONTAMINATION MAY CAUSE FIRE!
MIX ONLY INTO WATER.
SEE PRECAUTIONARY STATEMENTS AND
FIRST AID INFORMATION ON BACK PANEL.**

NET WT. 1 LB. (454 g)

001-1-1152

Under the Federal Insecticide, Fungicide, and Rodenticide Act, this product is registered under the name of Chlorine Dioxide No.

1258-1052

ALWAYS USE ENTIRE CONTENTS WHEN OPENED

DIRECTIONS FOR POOL USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling.

HTH® Shock Treatment and Superchlorinator, with 65% available chlorine is designed to dissolve quickly and provide a ready source of available chlorine in swimming pools. Used according to directions, HTH controls algae, kills bacteria and destroys organic contaminants.

ALWAYS ADJUST pH BETWEEN 7.2 AND 7.4 PRIOR TO USING HTH.

SHOCK TREATMENT FOR CONTROL OF ALGAE: If algae develops, with resulting green color and slimy feeling, shock treatment is necessary.

Broadcast HTH over a large area of the pool surface mainly at the deep end, at the rate of 1 LB of HTH per 8,000 gallons of water. If the pool sides or bottom develop algae spots, direct HTH as close to the algae as possible. Note: Prolonged contact with pool surfaces may cause staining or bleaching. Immediately after treatment, thoroughly clean pool by scrubbing surface of algae growth, vacuum and cycle through filter. If necessary, repeat the treatment. Pool should not be entered until the chlorine residual is 1.0-3.0 ppm.

WINTERIZING: While the water is still clear and clean, prepare for long periods of disuse by gradually applying 1 LB HTH per 2,500 gallons of water. Run the filter until completely dispersed. Cover the pool with a plastic pool cover and prepare the heater, pump and filter components for winter by following manufacturer's directions.

STORAGE AND DISPOSAL: Store in a cool, dry, well-ventilated area away from heat or open flame. After opening pouch use entire contents immediately. Do not save material or try to reseal pouch. Place in trash collection or dispose in approved landfill area or bury in a safe place. **EMERGENCY HANDLING:** In case of contamination or decomposition, stand back and flood with large volumes of water.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: DANGER. Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Do not handle with bare hands. When handling, wear rubber gloves and goggles or face shield and use only thoroughly clean dry utensils. Irritating to nose and throat. Avoid breathing dust and fumes. Remove and wash contaminated clothing before reuse.

FIRST AID (Practical Treatment)

If on Skin: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists get medical attention.

If Inhaled: Remove person to fresh air. Get immediate medical attention.

If in Eyes: Flush with cold water for at least 15 minutes. Get immediate medical attention.

If Swallowed: Give bread soaked in milk, followed by large amounts of water. If person is conscious and vomiting, place face down with head lower than hips. Get immediate medical attention.

CHEMICAL HAZARD DANGER: Strong oxidizing agent. Mix only into water. Contamination may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible fire and explosion. Avoid any contact with flame or burning materials, such as a lighted cigarette. Do not contaminate with moisture, garbage, dirt, organic matter, chemicals, including other pool chemicals, pool chlorinating compounds, household products, cyanuric acid pool stabilizers, soap products, paint products, solvents, acids, vinegar, beverages, oils, pine oil, dirty rags or any other foreign matter.

ENVIRONMENTAL HAZARD: This product is toxic to fish. Do not contaminate lakes, ponds or streams by cleaning of equipment or disposal of wastes.
