Stamford, CT 06304

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

This product

It is a violation of federal law to use in a manner inconsistent with its label.

GENERAL DIRECTIONS FOR FORMULATING: is to be used only for repackaging or formulating fungicide, bactericide, and algaecide.

Before distributed in interstate commerce, registration by Agency is required.

PHYSICAL AND CHEMICAL HAZARDS STRONG OXIDIZING AGENT

Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire or explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well-ventilated area. Flood with large volumes of water, if necessary.

STORAGE AND DISPOSAL: Keep product dry, closed container when not in use. Store in a dry, well-ventilated area away from heat and flame. Do not contaminate water, food or feed storage or disposal. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide mixture, or rinsate is a violation of Federal Law. Wastes cannot be disposed of by use other than to label instructions, contact your State Pesticide Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Do not reuse empty container. Completely empty liner by shaking and tapping and bottom to loosen clinging particles. Empty into application equipment. Then dispose in a sanitary landfill or by incineration if allowed. State and local authorities. Dispose of drums in same manner. EMERGENCY HANDLING: In case of contamination or decomposition of product, reseal container. If possible, isolate container and well-ventilated area. Flood with large volumes of water. Dispose of contaminated material in a sanitary landfill area or bury in a safe place.
