U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460	EPA REGISTRATION NO.	DATE OF ISSUANCE
	1258-1144	SEP 27 1994
	TERM OF ISSUANCE	
NOTICE OF PESTICIDE: <input type="checkbox"/> REGISTRATION <input checked="" type="checkbox"/> REREGISTRATION <i>(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)</i>	NAME OF PESTICIDE PRODUCT	
	Pace 5 Gram Spa & Hot Tub Tablets	
NAME AND ADDRESS OF REGISTRANT (Include ZIP code)		
Olin Corporation 350 Knotter Drive Cheshire, CT 06410		
<p>NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.</p> <p>On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.</p> <p>A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.</p> <p>Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>Based on your response to the Reregistration Eligibility Document, EPA has reregistered the above named product subject to the comments recorded in the succeeding paragraph. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.</p> <p>Make the following changes before you release the product for shipment:</p> <ol style="list-style-type: none"> 1. Revise the precautionary and practical treatment statements in your labeling in accordance with the enclosed Attachment A. 2. On the center panel, delete the wordings "...& related compounds..." 3. On the left panel, under the directions for use, add the reentry statement "Reentry into treated spas/hot tubs is prohibited above levels of 3 ppm of chlorine." <p><input type="checkbox"/> ATTACHMENT IS APPLICABLE</p>		
SIGNATURE OF APPROVING OFFICIAL		DATE

A stamped copy of the product label is enclosed for your records.

Submit one copy of the final printed labeling before releasing the product in channels of trade with the revised labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Enclosures

Attachment A - Batch 26 Products

Labeling:

1. The signal word is "Danger".

2. The Precautionary Statements should read:

"Corrosive: Cause irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe dust, vapor or spray mist. Wear goggles, face shield or safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse".

3. The Statements of Practical Treatment should read:

"If in eyes: Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention".

"If inhaled: Remove victim to fresh air. If not breathing, give artificial respiration preferably mouth-to-mouth. Get medical attention".

"If on Skin: Wash with plenty of soap and water. Get medical attention if irritation persists".

"If swallowed: Drink promptly large quantities of water. Avoid alcohol. Note to physician: Probable mucosal damage may contraindicate the use of gastric lavage. Get medical attention".

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling. Three tablets will provide approximately 3 parts per million (ppm) available chlorine in 500 gallons of water. Using an appropriate test kit, test and adjust the water to the following values: pH 7.2-7.8, total alkalinity 60-100 ppm, calcium hardness 150 ppm minimum. Maintain these conditions for proper spa and hot tub operation by frequent testing with a test kit. Do not allow cyanuric acid level to exceed 150 ppm. It is recommended that spas and hot tubs be drained every 30-90 days, more often under heavy use. Consult manufacturer's recommendations concerning the compatibility of chlorine sanitizers with their equipment. Some oils, lotions, fragrances, cleansers, etc., may cause foaming or cloudy water and may react with chlorine sanitizers to reduce their efficacy.

REGULAR USE: (1). Turn on the circulation system and ensure that it is operating properly. (2) Add 3 tablets per 500 gallons over the surface of the water. Test for free available chlorine (FAC) and add additional product, if necessary, to attain 1-3 ppm FAC. (3) Maintain 1-3 ppm FAC while the spa or hot tub is in use. (4) After each use, shock treat with 9 tablets per 500 gallons to control odors and algae. Repeat as needed. Spa or hot tub should not be entered until FAC reaches 1-3 ppm.

START UP (FRESHLY FILLED): 1. Turn on the circulation system and ensure that it is operating properly. 2. Add 3 tablets for each 500 gallons of water. Check the (FAC) and, if below 3 ppm, repeat as needed.

EXTENDED NON-USE PERIOD: During extended periods when the spa or hot tub is not being used, add 9 tablets per 500 gallons twice a week with the circulation system running or as needed to maintain 1-3 ppm free available chlorine.

STORAGE AND DISPOSAL: Keep product dry in tightly closed container when not in use. Store in a cool dry well-ventilated area away from heat or open flame. Do not reuse empty container. Rinse empty container thoroughly with water to dissolve all material before discarding. Securely wrap container in several layers of newspaper and discard in trash.

PACE® 5 GRAM SPA & HOT TUB TABLETS

- PROTECTS AGAINST ODOR
- CONTROLS BACTERIA AND ALGAE

Active Ingredient:
Sodium Dichloro-s-Triazinetrione,
 Hydrated & Related Compounds 99%
 Inert Ingredients 1%
 Total 100%

Available Chlorine 55.5%
