JUL 17 1990

Mr. Nicholas J. Barone  
Olin Corporation  
350 Knotter Drive  
P.O. Box 586  
Cheshire, CT 06410-0586

Dear Mr. Barone:

Subject: HTH® EASI-FLO DRY CHLORINATOR GRANULAR  
EPA Registration No. 1258-1185  
Your Amendment Dated April 2, 1990 Requesting the  
Additional Use for Emergency Disinfection of Drinking  
Water

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records. Five (5) copies of the finished labeling must be submitted before you release the product for shipment.

Sincerely yours,

Walter C. Francis  
Acting Product Manager (32)  
Antimicrobial Program Branch  
Registration Division (H7505C)

# Supplemental Labelling

2 of 2

EPA Reg No 1258-1185

Product Name NTH EASI-FLO Dry Chlorinator Granular

## Emergency Disinfection of Drinking Water

Directions for use. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

-----  
When boiling of water for 1 minute is not practical, water can be made potable by using this product. Prior to addition of the sanitizer, remove all suspended material by filtration or by allowing it to settle to the bottom. Decant the clarified, contaminated water to a clean container and add 1 grain of this product to 1 gallon of water. One grain is approximately the size of the letter "O" in this sentence. Allow the treated water to stand for 30 minutes. Properly treated water should have a slight chlorine odor, if not, repeat dosage and allow the water to stand an additional 15 minutes. The treated water can then be made palatable by pouring it between clean containers for several times.

ACCEPT  
with COP  
in EPA Lab:

JUL 17 1980

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No.

1258-1185

KEEP OUT OF REACH OF CHILDREN
