

FIRST AID (Practical Treatment): If Swallowed: Drink large quantities of water. Do not induce vomiting. Avoid alcohol. Never give anything by mouth to an unconscious person. Call a physician immediately. If on Skin: Wash with plenty of soap and water. If irritation develops get medical attention. If in Eyes: Hold eyelids open and flush with a steady, gently stream of water for at least 15 minutes. Get immediate medical attention. If Inhaled: Remove person to fresh air. If not breathing, give artificial respiration, preferably, mouth-to-mouth. Get immediate medical attention.

Note To Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

ENVIRONMENTAL HAZARD: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE & DISPOSAL:

PESTICIDE DISPOSAL:

Keep container tightly closed when not in use. Do not reuse container. Do not store with strong oxidizing agents or strong (concentrated) acids. Do not contaminate water, food, or feed by storage or disposal. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL:

Triple rinse container. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned stay out of smoke.

**OMACIDE® IPBC 100
(MUP)
Industrial Fungicide**

Active Ingredient:

3-Iodo-2-propynyl butylcarbamate 97%

Inert Ingredients 3%

Total 100%

**KEEP OUT OF REACH OF CHILDREN
DANGER**

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage. Harmful if swallowed, absorbed through skin or inhaled. Do not breathe dust or spray mists. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove and wash contaminated clothing before reuse.

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

For manufacturing use only in the formulation of end use products in the following applications:

- Solvent based paints and waterborne paints, stains and latex emulsions.
- Aqueous metalworking, cutting, cooling and lubricating fluids and concentrates.
- Non-medical, non-food contact aqueous, solvent and non-solvent based systems such as natural and synthetic adhesives, caulks, patching compounds, sealants, grouts, latexes such as SBR/latex used in the manufacture of flooring adhesives or carpet backings.
- Plastic items such as shower curtains, cable and wire insulation, sun umbrellas, polymer furniture, filter medias, polymer components of carpets, etc.
- Aqueous and solvent based coatings or dyes which are typical to the textile material processing.
- Aqueous and solvent based coatings which are applied to paper and cardboard substrates.
- Aqueous and solvent based process formulations which coat canvas and cordage.
- Aqueous based ink solutions.

Formulators using this product are responsible for obtaining EPA registration of their formulated products.
