Subject: Omacide IPBC - E
EPA Registration No. 1258-1236
Application Date: December 23, 2003
EPA Received Date: December 24, 2003

Dear Ms. Nicholas:

The following amendment, submitted under connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below:

Proposed Amendment

- Revised labeling

Conditions

Revise the label as follows:

1. Revise the If Swallowed section to include the statement "Do not give anything by mouth to an unconscious person." Refer to PR Notice 2001-1.
2. Revise the First Aid Statements by including the statement "Have the product container or label with you when call a poison control center or doctor, or going for treatment." Refer to PR Notice 2001-1.

CONCURRENCES

SYMBOL	SURNAME	DATE						

3. Revise the Environmental Hazards Statements by changing the statement "...estuaries, oceans, or public waters..." to read "...estuaries, oceans, or other waters..." Refer to PR Notice 95-1.
4. Revise the Pesticidal Disposal instructions by placing the statement "Do not contaminate water, food, or feed by storage or disposal." directly following the Storage and Disposal heading. Refer to PR Notice 83-3.
5. Place the heading "Pesticide Disposal" directly proceeding the sentence "Pesticide wastes are acutely hazardous." Refer to PR Notice 83-3.
6. Place the heading "Pesticide Storage" directly proceeding the sentence "Keep container tightly closed when not in use." Refer to PR Notice 83-3.

General Comments

A stamped copy of the accepted labeling is enclosed. Submit three(3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact me at 703-308-6422.

Sincerely,

Adam Heyward

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes skin burns. Causes eye irritation. Harmful if inhaled, swallowed or absorbed through the skin. Do not get in eyes, on skin, or on clothing. Avoid breathing vapor or spray mist. Handlers must wear: goggles or face shield, long sleeve shirt and long pants, chemical resistant gloves, shoes plus socks, chemical resistant headgear for overhead exposure and chemical resistant apron when cleaning equipment, mixing or loading. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

FIRST AID:

IF IN EYES: Hold eyelids open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present after 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

IF SWALLOWED: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told by a Poison Control Center or doctor.

IF INHALED: Remove person to fresh air. If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a Poison Control Center or doctor for further treatment advice.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

ENVIRONMENTAL HAZARD: This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

OMACIDE® IPBC -E
Industrial Fungicide

Active Ingredient:

3-Iodo-2-propynyl butylcarbamate 20%

Inert Ingredients 80%

Total 100%

KEEP OUT OF REACH OF CHILDREN

STORAGE & DISPOSAL:

PESTICIDE DISPOSAL:

Keep container tightly closed when not in use. Do not reuse container. Do not store with strong oxidizing agents or strong (concentrated) acids. Do not contaminate water, food, or feed by storage or disposal. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL:

Triple rinse container. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned stay out of smoke.

USER SAFETY REQUIREMENTS:

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

USERS SHOULD:

Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

Remove clothing immediately if pesticide gets inside.

Then wash thoroughly and put on clean clothing.

Remove personnel protective equipment immediately after handling this product. Wash the outside of gloves before removing. As soon as possible wash thoroughly.

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons.

TO INHIBIT THE GROWTH OF FUNGI IN AQUEOUS METALWORKING, CUTTING, COOLING & LUBRICATING CONCENTRATES: add an amount, by pouring from the container, that will give up to **5000** ppm in the diluted fluid. The amount required in the concentrate will depend on the end use dilution. For example: If the desired level of this product in the diluted fluid is **500** ppm, and the end use dilution of the fluid is **5%**, then a **1.0%** concentration of this product is required in the concentrate ($500 \text{ ppm}/0.05 = 10,000 \text{ ppm}$ or **1.0%**).

TO INHIBIT THE GROWTH OF FUNGI IN AQUEOUS METALWORKING, CUTTING, COOLING & LUBRICATING FLUIDS: add up to **5000** parts per million (0.5% v/v) of this product to the diluted fluid (0.5 gallons per 100 gallons of solution or 5.0 liters per 1000 liters). This product may be added to the fluid, by pouring from the container, at the time it is prepared. **ACCEPTED with COMMENTS** to the reservoir (sump) containing the fluid. **EPA Letter Dated:** If it is added to the reservoir, the fluid must be recirculated after addition to ensure mixing.

FEB 26 2004

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide, registered under EPA Reg. No. **1258-1236**
