Notification to insert optional statement to help locate first aid and precautionary statements

Dear Ms. Mitchell:

This correspondence constitutes our notification to the Agency that we would insert an optional statement on the label that helps the user to locate first aid and precautionary statements, which may be positioned on either side or back panels.

In support of this notification, enclosed please find the following documents:

- Application for pesticide (8570-1);
- Revised label, 2 copies, one with the changes indicated in red font.

Please feel free to contact me at any time, either by telephone (direct: 770-805-3226) or by e-mail (JRFrench@archchemicals.com) with regard to this action.

Sincerely,

A handwritten signature in black ink, appearing to read "John R. French". The signature is cursive and fluid, written in a professional style.

PHYSICAL and CHEMICAL HAZARDS:

DANGER. If product is exposed to small amounts of water, it can react to cause explosion or the release of toxic gases. Do not add water to this product. Add only into water.

- Do not allow to become wet or damp before use.
- Do not remove floater or other dispensing device from water for more than five minutes if it contains a tablet or tablet residue.

Can react with other materials, including other water treatment products, to cause fire, explosion, and the release of toxic gases.

- Keep all foreign matter, including other water treatment products, away from this product.
- Do not use this product in a floater or feeder that has been used with any other product.
- Do not allow this product to contact other water treatment products. If used with a skimmer, make sure skimmer is completely free of residue from other water treatment products before putting this product in the skimmer.

Strong oxidizing agent. This product can increase fire intensity.

- Keep away from heat and from flame and burning material (like a lighted cigarette).

STORAGE AND DISPOSAL {Optional statements – usage depends on whether or not refillable or nonrefillable containers are used and whether or not product is packaged for household/residential use only}

{Nonrefillable container - household/residential use}

[Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment. FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE EMERGENCY HANDLING.]

{Refillable container – household/residential use}

[Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Do not contaminate food or feed by storage or disposal or cleaning of equipment. FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE EMERGENCY HANDLING. Refillable container. Refill this container with Trichloro-s-Triazinetrione only. Do not use this container for any other purpose. Rinse empty container thoroughly with water to dissolve all material prior to disposal.]

{Nonrefillable container - non-household/residential use}

[Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Do not contaminate food or feed by storage or disposal or cleaning of equipment. FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE EMERGENCY HANDLING. Nonrefillable container. Do not reuse this container. Offer for recycling if available. Rinse empty container thoroughly with water to dissolve all material prior to disposal.]

{Refillable container – non-household/residential use}

[Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Do not contaminate food or feed by storage or disposal or cleaning of equipment. FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE EMERGENCY HANDLING. Refillable container. Refill this container with Trichloro-s-Triazinetrione only. Do not use this container for any other purpose. Cleaning of this container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the refiller. Rinse empty container thoroughly with water to dissolve all material prior to disposal.]

EMERGENCY HANDLING: In case of contamination or decomposition, do not reseal container. Immediately remove container to an open and well-ventilated outdoor area by itself. Flood with large amounts of water. Dispose of the container and any remaining contaminated material in an approved landfill area.

For information on spills, call 1-800-654-6911.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms. {For package sizes > 50 lbs} [Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

READ THE PRECAUTIONARY STATEMENTS BEFORE USE.

This product is designed to dissolve slowly providing a steady source of available chlorine in swimming pools to control the growth of algae, kill bacteria and destroy organic contaminants.

[For best results, follow a weekly program with our [brand] System. Consult your authorized [brand] dealer for advice on the system that best suits your pool and your lifestyle.] [Take a pool water sample to your authorized [brand] dealer regularly for a detailed water sample.]

One tablet will provide an effective chlorine residual of 1-3 parts per million (ppm) in 20,000 gallons of pool water for up to 2 weeks under normal use conditions. Use only in [skimmers or] feeders made specifically for this size tablet.

Do not allow this product to get damp or wet before use. Do not allow this product to contact other water treatment products.

(1) Adjust pH to the ideal range of 7.2 - 7.6

(2) Bring chlorine residual to 1 - 3 ppm using appropriate chlorine shock product. Follow label instructions.

(3) Stabilize the pool with cyanuric acid. Follow label instructions.

(4) Ensure that the [skimmer basket or] feeder is free of any other chemicals, tablets or residue prior to use. **DO NOT** use in floaters or feeders that have been used with other dry chlorinating products. Place this product in the [skimmer basket or] feeder. If placed in skimmer, run the filter pump a minimum of eight hours daily. Make sure skimmer is completely clean and free of residue from other water treatment products before putting this product in the skimmer. This product is not recommended for use in vinyl lined pools without an automatic timer on the pool filter pump. Pump should run a minimum of 8 hours per day, otherwise vinyl liner damage may occur. If chlorine residual goes above 3 ppm, reduce [skimmer or] feeder flow rate [or daily pump operation time]. If chlorine residual goes below 1 ppm, increase [skimmer or] feeder flow rate or daily pump operation time. Shock treat weekly or every other week with appropriate shock treatment. Follow label directions. Do not reenter pool until chlorine residual is 1 - 3 ppm. [When the plastic sleeve is empty, remove it from the pool skimmer and replace it with a new tablet.]

- DO NOT use with any other tablets or sticks in the same skimmer, floater or feeder.
- DO NOT permit tablets to contact plastic pool linings or metal objects.

MASTER LABEL

Latest changes in red.

- DO NOT throw tablets directly into pool.
- **[DO NOT pre-mix this product.] [Only add this product directly to your pool.]**

[For best results follow a routine program with our [brand] System.]

[Take a pool water sample to your authorized [brand] dealer regularly for a detailed water analysis.]
