

Ward Off®
1266-117 SEP 31

ACCEPTED

SEP 15 1986

Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under
EPA Reg. No. 1266-117

PHYSICAL OR CHEMICAL HAZARDS

EXTREMELY FLAMMABLE. Contents under pressure. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not drop container. In case of fire, use water, dry chemical or CO₂. Use with adequate ventilation. Avoid getting into eyes. In case of contact, wash thoroughly with water. Do not fog rooms occupied by people.

**KEEP AIR SMELLING FRESH
DESTROYS ODORS**

Disinfects and deodorizes surfaces through effective antibacterial and antifungal activity. Kills most pathogenic fungi, Staph. and Strept. organisms, ~~even~~ *Tuberculosis*, *Candida* and *Pseudomonas aeruginosa*, and eliminates odors.

and Sprayed on Surfaces: Deodorizes by disinfecting. Germicidal activity kills most odor producing organisms. Controls Staph., Strept., ~~and~~ *Tuberculosis* organisms. Prevents mold and mildew when used on hard, non-porous surfaces.

Sprayed in the Air: Masks unpleasant odors. Pleasantly scented. For Hospital use where immediately available disinfection is mandatory.

For use in hospital rooms, sick rooms, doctors' examining rooms, kitchens, nursery and bathrooms.

Do not spray on polished wood, furniture or rayon fabrics.

DIRECTIONS FOR USE:

For Surfaces: Remove protective cap, hold can upright and spray from a distance of 6 to 8 inches until area for treatment is covered by a fine mist. For control of mold and mildew on hard, non-porous surfaces, spray surface until moistened. Allow to dry. Repeat application in 14 days.

For Deodorizing the Air: Direct spray upward, toward the center of the room. Spray 10 to 15 seconds for the average room (12x12x9'). Repeat 4 times daily. Close all windows and doors. If humidity at normal room temperature is below 20 percent, add moisture. **DO NOT FOG IN ROOMS OCCUPIED BY PEOPLE.**

For Hospital Use: Walls, floors, bed frames, bedpans, urinals, furniture, fixtures, containers, toilet seats, diaper pails, instrument trays, examining tables, etc. Spray telephone and other bedside equipment not easily subject to normal disinfecting procedures. Spray to moisten all surfaces thoroughly.

For Household Use: Kitchens: Sinks, drainboard, cabinets, stove and refrigerator. After spraying, rinse all treated surfaces coming in contact with food thoroughly with potable water. Spray empty garbage cans and under sinks. Eliminates household odors and retards their return. Kills most disease organisms on articles in sick room.

Bathroom: Bathtub, wash basin, toilet seat, empty hamper, tiled walls. Eliminates bathroom odors.

General Use: Telephone, animal areas, diaper pails, nursery room, neutralizes odor of damp or musty corners in attic, cellar or closet.

DISPOSAL

Do not reuse empty container. Replace cap and discard container in trash. Do not incinerate or puncture.
